

1982 FORD

WAGONS

LOOK OUT WORLD
HERE COMES FORD

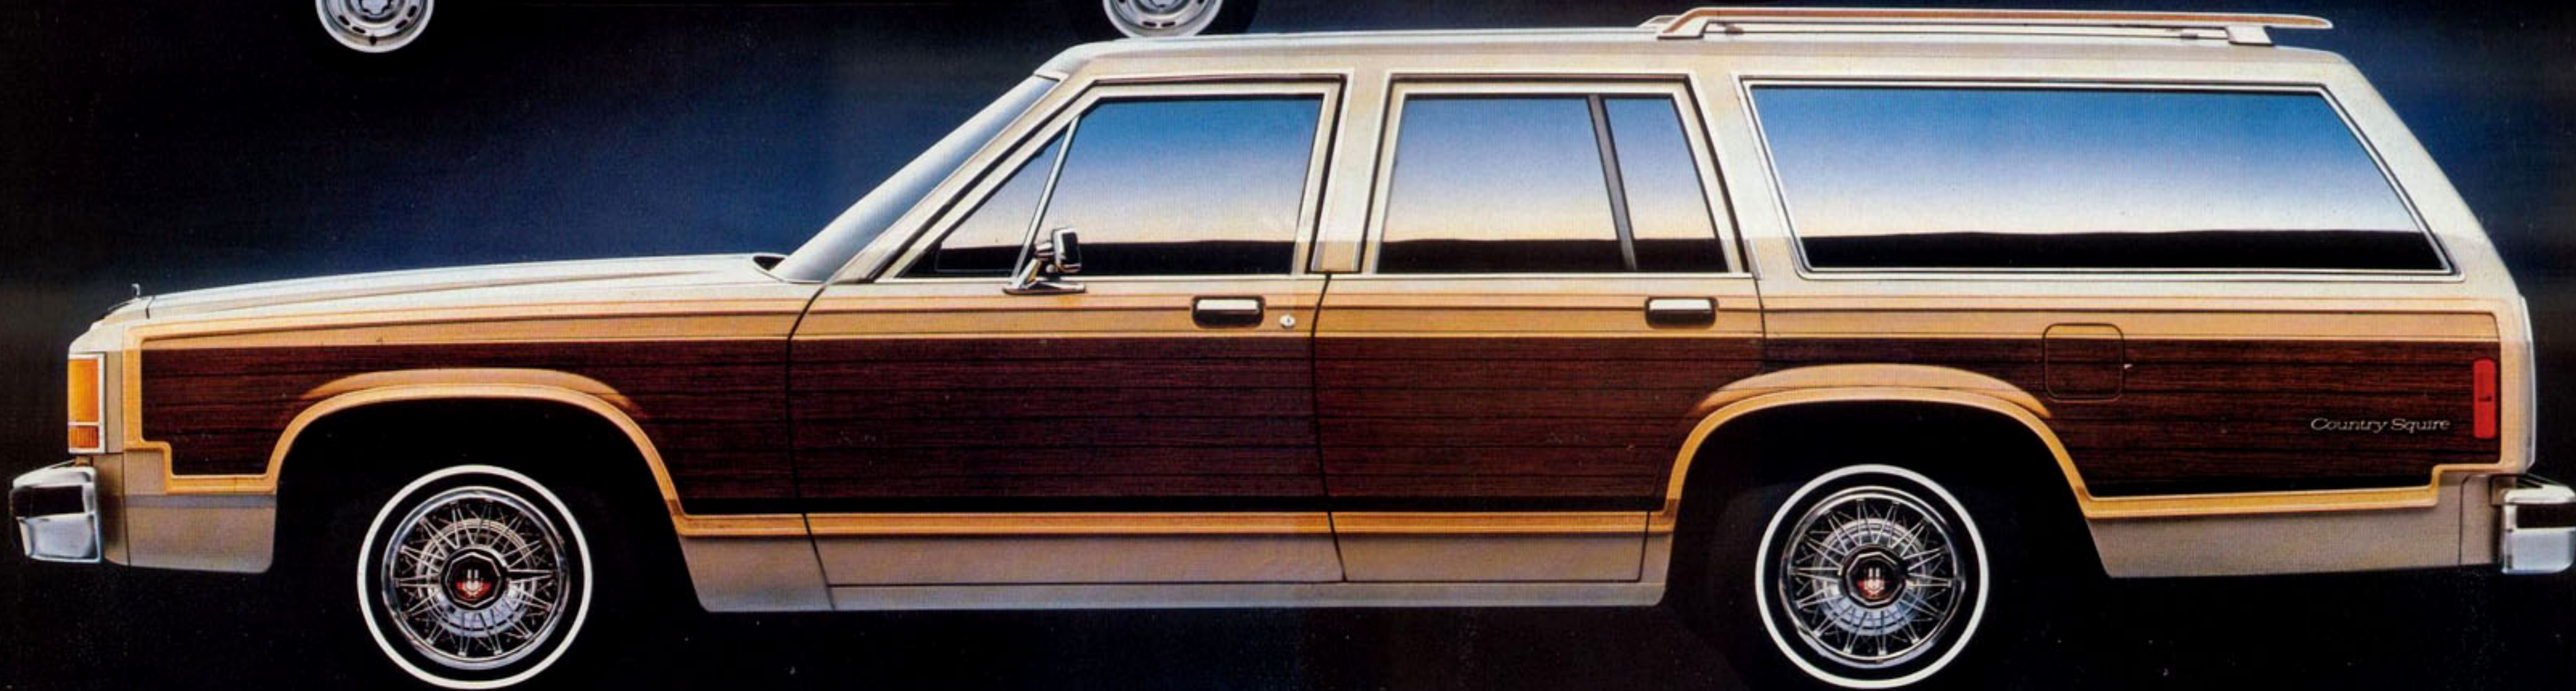

FORD'S WORLD OF **WAGONS**

Ford is "America's Wagonmaster"—a distinction built on pride and numerous station wagon innovations. Countless wagon owners over the years have relied on Ford to provide that special dimension of versatility that comes with station

wagon space and comfort. For 1982, nothing has changed, except that Ford wagons seem to get better and better. Today, Ford remains one of the few manufacturers of station wagons across the entire line. There is Escort,

the World Car of fuel-efficient wagons. Granada, the all-new luxury mid-size. And Ford LTD, the pride of the Wagonmaster tradition. If you're looking for a station wagon this year, the world of Ford has just what you need.

Shown clockwise: Escort GL 4-Door Wagon in Bright Red. Granada GL Wagon in Midnight Blue Metallic. Ford LTD Country Squire in Light Pewter Metallic.

THIS IS FORD **ESCORT** 4-DOOR WAGON.

America's popular choice.

Escort is the World Car of fuel-efficient wagons. It carries four passengers in comfort, and has 27.8 cu. ft. of rear cargo space. Fold the rear seat down and the cargo area more than doubles—to 58.3 cu. ft.

And Escort is one of the most advanced wagons in its class. With front-wheel drive traction. 1.6 liter CVH engine and 4-speed manual transaxle with overdrive

4th gear for outstanding fuel efficiency.* Plus four-wheel independent suspension system found on no other American-built wagon (excluding other Ford Motor Company cars).

Standard features include: Bucket seats body-contoured for comfort, with over 7 inches of seat track for leg room. Power front disc/rear drum brakes. High-illumination halogen headlamps. All-season P-metric steel-belted radial tires

designed for traction and fuel economy. AM radio (may be deleted for credit). Convenient steering column-mounted controls. Removable cargo area cover, window-shade type, for security. And much more.

Escort Wagon is available in three series—L, GL, and GLX—all very big on features that add up to solid value.

*See projected Ford Division mileage estimates on page 6.

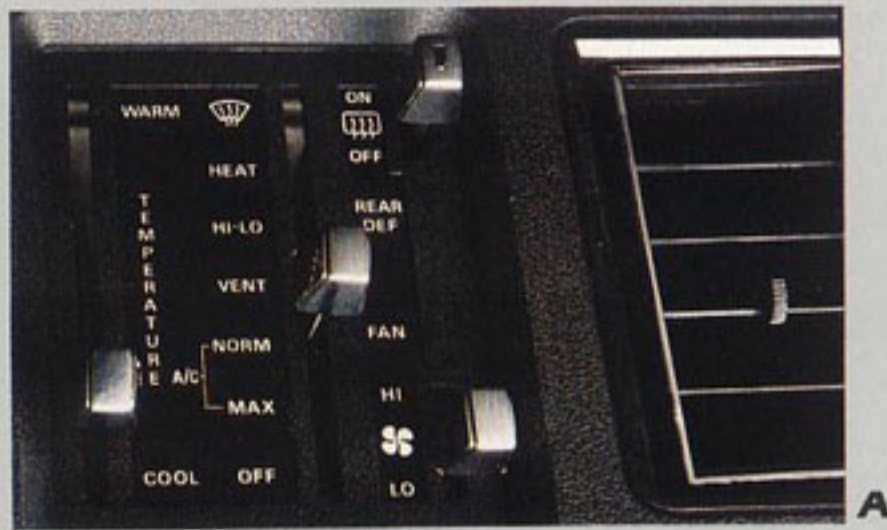

Left to right: Spacious cargo area—58.3 cu. ft. with rear seat down. Removable cargo cover standard. GL interior with optional reclining low-back bucket seats in Medium Red cloth and vinyl.

Below: Escort GLX Wagon in Fawn with Squire Option.

- Lower Bodyside Protection Vinyl coating under the paint along the lower bodysides to protect against stone pecking and road salt.

Tires/Wheels

- Tires: P165/80R 13" white sidewalls
- Bright Trim Rings. Standard on GL, GLX.
- Cast Aluminum Wheels

*See "Options Availability" page 11.

Also well worth considering . . .

Ford Motor Company's Extended Service Plan. This option covers major com-

ponents on new Ford cars and light trucks for longer than the vehicle's basic warranty. The Extended Service Plan's cost is so moderate for the protection you get that it could pay for itself the first time you need it. Your Ford Dealer will be happy to detail the Plan for you. It is available on all Ford cars and light trucks sold and normally operated in all 50 United States and Canada.

GENERAL INFORMATION

Important facts about Ford products and services are provided here and also under "General Information" on pages 11 and 15.

Ford-paid repair programs after the warranty period

Sometimes Ford offers adjustment programs to pay all or part of the cost of certain repairs. These programs are intended to assist owners and are in addition to the warranty or to required recalls. Ask Ford or your dealer about such programs relating to your Ford or Lincoln-Mercury vehicle.

To get copies of any adjustment program for your vehicle or the vehicle of interest to you:

Call Ford toll-free at 1-800-241-3673.

Alaska and Hawaii call 1-800-243-3711 and in Georgia call 1-800-282-0959.

Or write Ford at:
Ford Customer Information System
Post Office Box 95427
Atlanta, Georgia 30347.

We'll need your name and address; year, make, and model vehicle, as well as engine size, and whether you have a manual or automatic transmission.

"Ask Your Ford Dealer"

Following publication of this catalog, certain changes in standard equipment, options, prices and the like, may have occurred which would not be included in these pages. Your Ford Dealer is your best source for up-to-date information.

Product Changes

Ford Division reserves the right to change product specifications at any time without incurring obligations.

THIS IS FORD GRANADA WAGON.

The first Granada wagon ever.

The Granada nameplate over the years has stood for solid comfort and value in the field of mid-size cars. Now, for 1982, these qualities are brought to you in an all-new, roomy station wagon.

Granada has plenty of room for passengers and cargo. A comfortable flight bench seat in cloth and vinyl is standard—which means that full 6-passenger seating is a big Granada wagon feature. Cargo capacity is spacious—with either the folding rear

seat up (41.8 cu. ft.) or down (73.6 cu. ft.).

Standard powerteam, the 3.3 liter (200 CID) Six and new SelectShift automatic transmission with locking torque converter, delivers good fuel economy.* And there's a new 3.8 liter (232 CID) V-6 that has the power of Ford's smallest V-8.

There are many other benefits of owning a Granada wagon. MacPherson strut-type front suspension; 4-bar link coil spring rear suspension. Rack and pinion steering precision. Power front disc rear

drum brakes. P-metric 14-in. steel-belted radials. High-illumination halogen headlamps. The new Two-Way Liftgate option (page 11). And much more.

If a mid-size wagon with excellent space and comfort is what you need, you have two fine choices in 1982—Granada L or GL wagon.

*See projected Ford Division mileage estimates on page 10.

Ford Motor Company's Extended Service Plan. This option covers major components on new Ford cars and light trucks for longer than the vehicle's basic warranty. The Extended Service Plan's cost is so moderate for the protection you get that it could pay for itself the first time you need it. Your Ford Dealer will be happy to detail the Plan for you. It is available on all Ford cars and light trucks sold and normally operated in all 50 United States and Canada.

GENERAL INFORMATION

Important facts about Ford products and services are provided here and also under "General Information" on pages 7 and 15.

Technical Service Bulletins

All vehicles need repairs during their lifetime. Sometimes Ford issues Technical Service Bulletins (TSBs) and easy-to-read explanations describing unusual engine or transmission conditions which may lead to costly repairs, the recommended repairs,

and new repair procedures. Often a repair now can prevent a more serious repair later. Ask Ford or your dealer for any such TSBs and explanations relating to your Ford or Lincoln-Mercury vehicle.

To get copies of these Technical Service Bulletins and explanations for your vehicle or the vehicle of interest to you:

Call Ford toll-free at 1-800-241-3673.

Alaska and Hawaii call 1-800-243-3711 and in Georgia call 1-800-282-0959.

Or write Ford at:

Ford Customer Information System
Post Office Box 95427
Atlanta, Georgia 30347.

We'll need your name and address; year, make, and model vehicle, as well as engine size; and whether you have a manual or automatic transmission.

Ford Limited Corrosion Perforation Warranty

Ford Motor Company provides a 3-year, unlimited mileage corrosion perforation warranty on all new model cars sold in the United States. The warranty states that any part which, in normal use, rusts through from corrosion within three years of retail delivery or first use will be repaired or replaced free of charge by the selling dealer after inspection by a Ford representative. Of course, exhaust system components or parts which develop corrosion perforation caused by accidents or other damage are not covered.

THIS IS FORD LTD STATION WAGON.

A station wagon tradition.

Ford LTD is synonymous with innovation, comfort, luxury and quietness. Plus the best features of the full-size station wagon.

LTD Wagon was the first to offer, for example, the 3-Way Magic Doorgate. And LTD's 89.5 cu. ft. cargo area is the most spacious you can find in any wagon.*

LTD features 6-passenger seating with room to move around in. Eight passengers with the Dual Facing Rear

Seats option. Deep-grain vinyl flight bench seat with fold-down center armrest is standard in both the LTD Wagon and elegant Country Squire. Door hinges have a special tiltaway feature that provides increased head and shoulder clearance to make entering and exiting more convenient.

Engineering alone is a great reason to choose LTD. The standard 5.0 liter (302 CID) engine is teamed with Automatic Overdrive transmission—one in a long line of Ford engineering innovations—to

provide V-8 performance plus good gas mileage.** LTD also features full coil spring suspension for a smooth ride. Power front disc/rear drum brakes. Variable ratio power steering. White sidewall P-metric radials for fuel economy.

And, of course, there's the Luxury Sound Package—helping to provide the high level of quiet comfort for which LTD is famous.

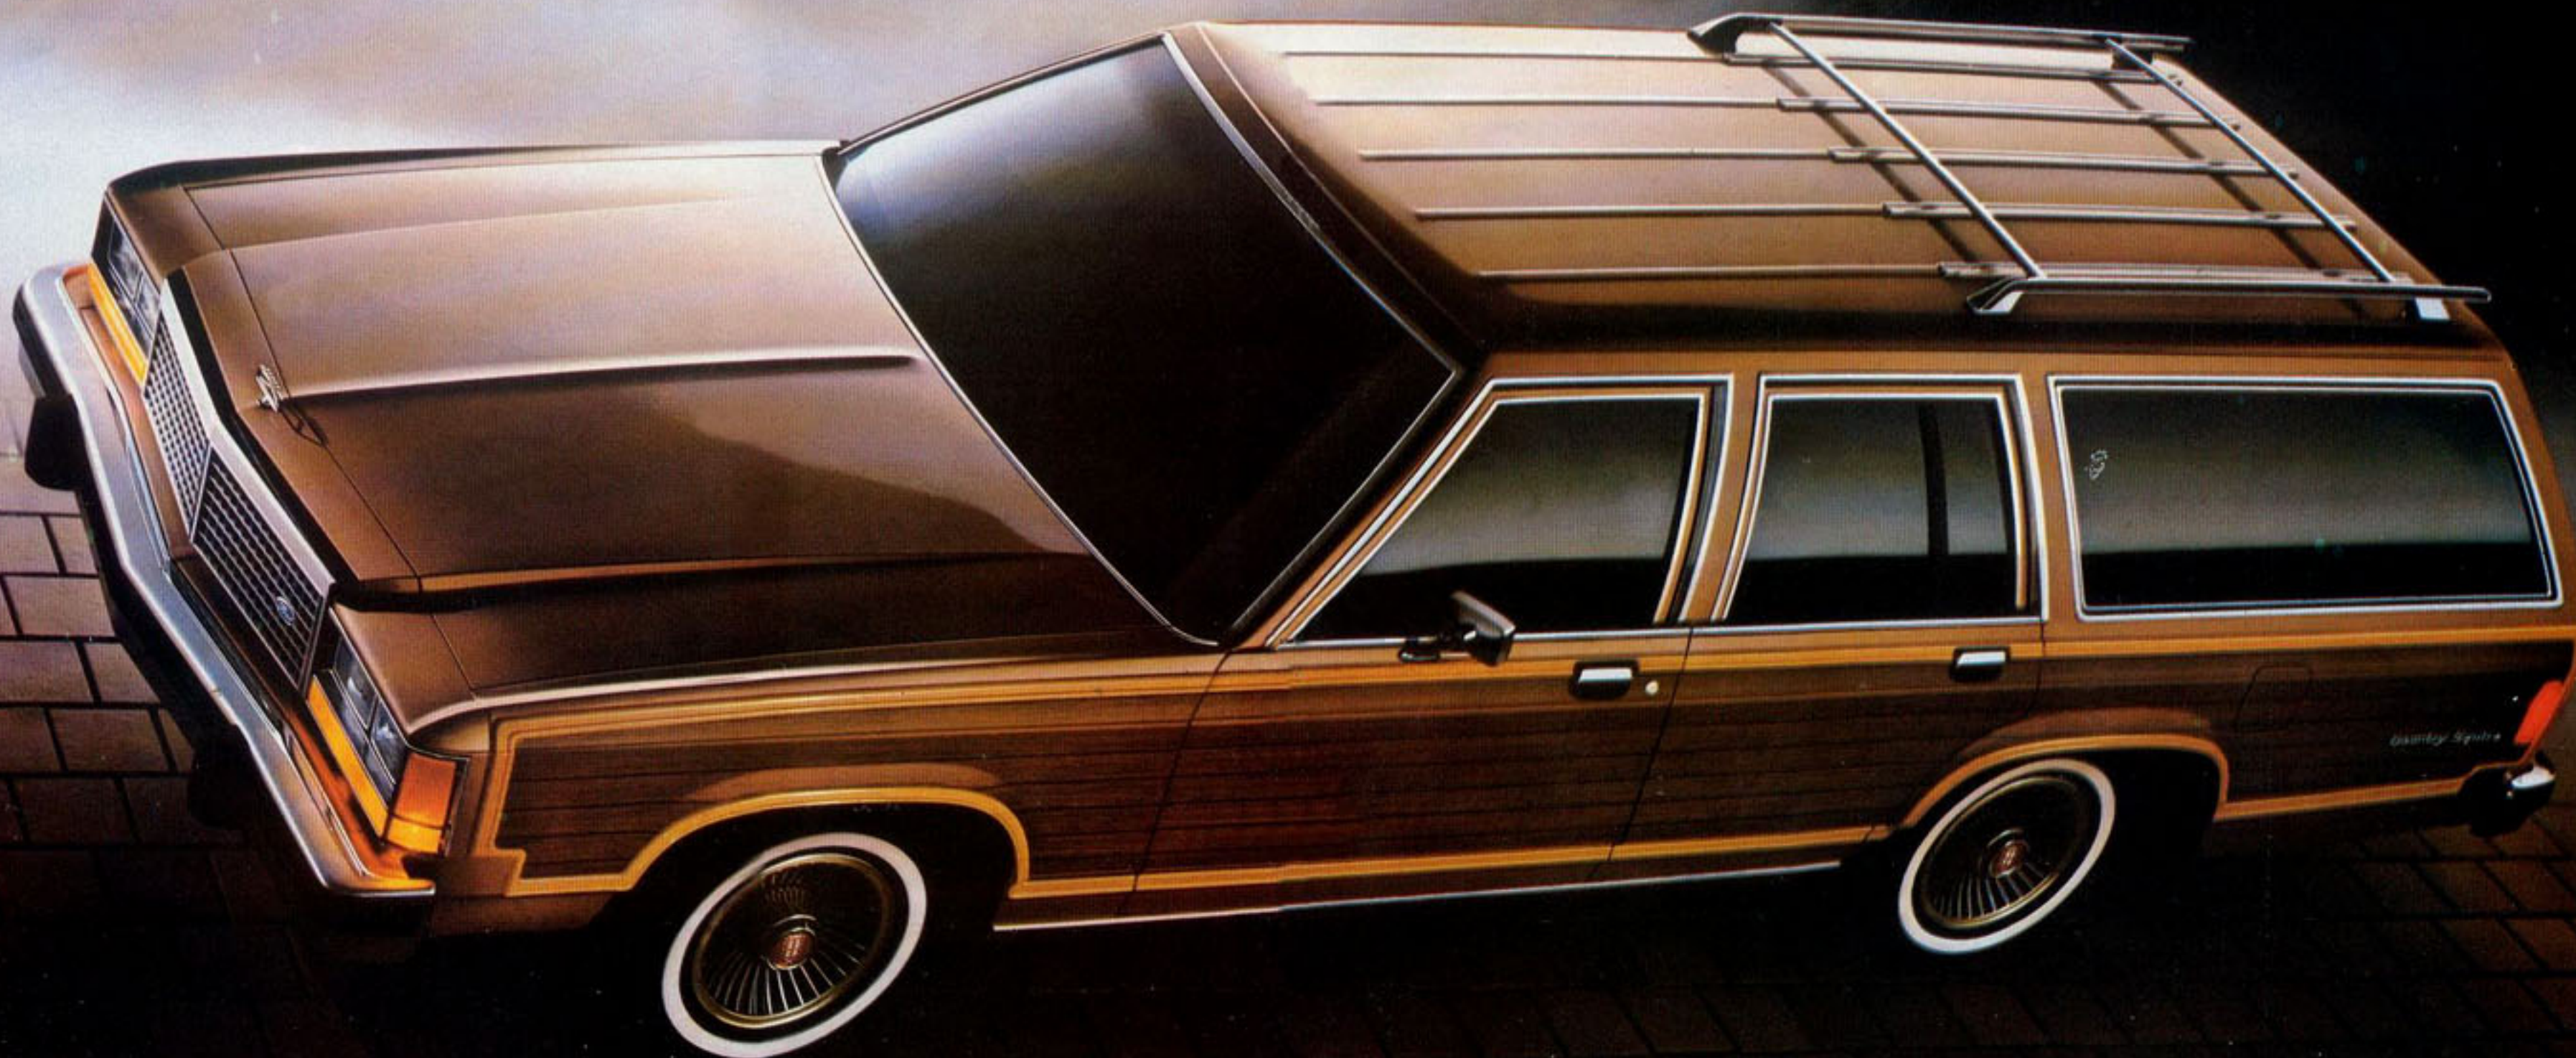

*Excluding other Ford Motor Company cars.

**See projected Ford Division mileage estimates on page 14.

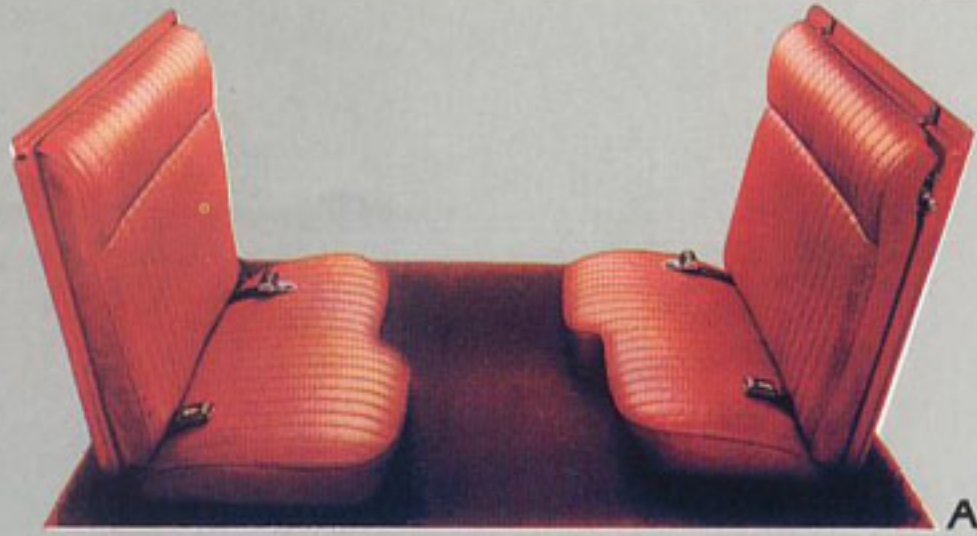

Left to right: 3-Way Magic Doorgate—opens like a door with the window up or down, or like a conventional tailgate. Optional split bench seats in Dark Red DuraWeave vinyl.
