MY TEN-SPEED LETS ME CATCH SOME
SO DOES MY CAPRI, BUT IT'S EASIER

SUMMER'S
HERE. IT'S
TIME TO
COME OUT
OF YOUR
SHELL.

Meet the perfect place
to spend summer. The
1992 Mercury Capri.
This 16-valve, dual-over-
head-cam, fuel-injected
convertible comes
equipped with
front-wheel
drive, a
5-speed
manual
overdrive
transaxle,
power-
assisted
rack-and-pinion
steering, four-wheel
independent suspension,
four-wheel disc brakes,
2+2 seating and...

SUNSHINE WHILE TRAVELING.
BRINGING FRIENDS ALONG FOR THE RIDE.

JUST BECAUSE IT'S COLD OUTSIDE DOESN'T MEAN YOU'RE SUPPOSED TO HIBERNATE.

SUMMER'S
OVER. 
NOW
WHAT'S
YOUR
PLAN?

You can even get an optional removable hard top. Read on and discover what Capri and its turbocharged twin, Capri XR2 are all about. Then put yourself behind the wheel. What happens next is entirely up to you.

Capri pictured in Cardinal Red. Some equipment shown may be optional. Good times are available at no additional charge.

LET'S HEAR IT FOR PHYSICAL ATTRACTION.

Women will tie their hair in knots just to drive a Capri. Men have been known to shed their shirts.

And why not? The sun plays strange tricks on people.

You'll find Capri perfectly equipped to let the good times roll. Its 2+2 seating arrangement lets you bring up to three fellow sun worshippers along for the ride. The trunk offers up to 6.2 cubic feet of storage space. And with the top up you can fold the rear seat down to create extra room for anything from skis to a more than ample supply of tanning lotion.

Capri is more than just a great place to put things. Standard features include tinted glass, dual power mirrors and styled steel wheels. Plus there's an AM/FM stereo radio with four speakers to provide the soundtrack for your fun. Capri pictured here in Cardinal Red with Grey interior.

WHY SPEND YOUR MONEY ON NEW CLOTHES

WHEN YOU CAN LOOK GOOD IN THE SAME THING EVERY DAY?

CAPRI SHOWS ME THINGS I NEVER LEARNED
IN SCHOOL.

Since the human body moves in many ways, so does Capri's driver's seat. It reclines fully, offers lumbar support and even adjusts for height. Capri has a safety-conscious side, too, with a driver-side air bag Supplemental Restraint System located in the steering wheel. The cloth-trimmed sport bucket seats are pictured here in Grey.

**TAKE A SEAT.
KICK BACK.
CLASS IS
ABOUT TO
BEGIN.**

Capri's interior is designed to give drivers a lesson on how to relax and still feel in control behind the wheel. The instrument panel and controls wrap around you in cockpit fashion, almost like they were tailored to your body.

The leather-wrapped steering wheel is thick and sure-gripped. Analog gauges can be viewed at a glance. The 5-speed stick shift is close by your side. There's a user-friendly console with a storage bin, coin holders and two cup holders. Plus standard power windows that make it even easier to open yourself up to the great outdoors. Some equipment shown may be optional.

TURBO

DOHC

16VA

XR2 IS THE MOST FUN I'VE EVER HAD WITHOUT

GETTING WET.

SHARKS SHOULD HAVE TEETH.

The turbocharged Capri XR2 is the perfect prescription for people who like their sun in a hurry.

Under the hood there's a turbocharged, 1.6-liter, 16-valve, DOHC fuel-injected engine producing 132 horsepower. The horses gallop more efficiently thanks to an intercooler that allows the turbocharger to pack denser air into each cylinder, supporting more fuel and boosting performance. The engine is matched to a responsive 5-speed manual

overdrive transaxle.

It's great to have power, but life can also throw you a few curves along the way. You'll be prepared to handle them with XR2's performance-tuned four-wheel independent suspension. When you want to stop and take it all in, XR2 offers power disc brakes all around, including 10-inch ventilated discs up front for quick stopping power. XR2's appearance is as charged as its performance, with standard aluminum wheels, front fog lamps and a rear spoiler. Pictured here in Everglade Green Clearcoat Metallic.

THE END OF MY WORKDAY OPENS UP ENDLESS
POSSIBILITIES.

TAKE EVERY-
THING
YOU'VE EVER
WANTED IN
LIFE AND
TURBO-
CHARGE IT.

From the first time you take a turn behind the wheel of Capri XR2, you'll experience driving with a whole new perspective. Since the top goes down, people can see you more easily. You'll be more inclined to smile back. The wind will mess your hair, while the sun will shine on you in new and exciting ways. You'll notice a delightful "whoosh" sound that the turbo-charger makes when you step on the gas. And you'll feel the urge to laugh for no reason at all.

COLORS, SOUNDS AND OTHER SENSATIONS.

Although Capri includes a surprising number of standard features, it also offers a short list of options that let you express your individual style. Start with surface appearances. Capri comes in colors to suit any mood. The optional removable hard top is available in matching colors. There's even an optional zip-open tonneau cover that adds some extra flair to your solo trips, while helping to protect your interior from the elements. Now move inside for more choices, like Capri's optional four-speed electronically controlled automatic transaxle (not available on XR2). You can boost sound quality a notch higher with a

Premium Sound system that includes AM/FM cassette stereo and an 80-watt power amplifier. Available air conditioning helps you keep your cool, while you can keep a steady course with optional speed control (both are standard on XR2).

In fact, about the only thing you'll need that Capri doesn't offer is a pair of sunglasses.

- A** Styled steel wheel (standard on Capri)
- B** 3-spoke aluminum alloy wheel (standard on XR2)
- C** Geometric aluminum wheel
- D** Air conditioner
- E** Zip-open tonneau cover
- F** AM/FM stereo cassette (standard on XR2)
- G** Four-speed automatic transaxle
- H** Removable hard top
- I** Cardinal Red Clearcoat Metallic with black soft top
- J** Polar White with white soft top
- K** Marine Blue Clearcoat Metallic* with optional hard top
- L** Platinum Clearcoat Metallic with optional hard top
- M** Everglade Green Clearcoat Metallic

*Late availability.

SELECTED OPTIONAL AND STANDARD FEATURES.

ENGINES	CAPRI	CAPRI XR2
Type	Inline-4	Inter-cooled, turbocharged, inline-4
Displacement	1.6 liters	1.6 liters
Horsepower (SAE Net)	100 @ 5,750	132 @ 6,000
Torque (SAE Net)	95 lb.-ft. @ 5,500	136 lb.-ft. @ 3,000
Fuel Delivery	Multi-port electronic fuel injection	
Compression Ratio	9.4:1	7.9:1
TRANSEXLES		
Manual	Synchronized 5-speed overdrive with self-adjusting hydraulic clutch on Capri, cable on XR2	
Automatic	Electronically controlled 4-speed overdrive with lock-up torque converter for improved highway fuel economy (N/A Capri XR2).	
SUSPENSION		
Front	Independent nitrogen gas-pressurized MacPherson struts with strut-mounted coil springs and stabilizer bar. Anti-dive geometry and negative offset design.	
Rear	Independent twin trapezoidal link with nitrogen gas-pressurized MacPherson struts, strut-mounted coil springs and stabilizer bar. Self-stabilizing geometry design.	
STEERING		
Type	Power-assisted rack and pinion with 17.6:1 ratio	
BRAKES		
Type	Four-wheel hydraulic, diagonally linked front to rear with power assist	
Front	10.2-inch ventilated disc	
Rear	8.7-inch solid disc

PRODUCT CHANGES
 Following publication of this catalog, certain changes in standard equipment, options, prices and the like, or product delays, may have occurred which would not be included in these pages. Your Lincoln-Mercury Dealer is your best source for up-to-date information.
 Lincoln-Mercury Division reserves the right to change product specifications at any time without incurring obligations.

Chances are, you started your day by starting your car.

Tens of millions of us do. Every day. All over the country. Surely, nothing we own is more closely and constantly intertwined with our lives than the automobile.

At Lincoln-Mercury, we never lose sight of the fact that our products go on to play a major part in the lives of people. That's why we're dedicated to bringing you cars that will not only serve you faithfully, but will also help make your life more enjoyable.

Stop by a Lincoln-Mercury dealer and see what we're doing.

Motorcraft QUALITY PARTS

Genuine Ford and Motorcraft original equipment replacement parts are engineered and manufactured to Ford's highest specifications. They're your best assurance of quality and long-term satisfaction because these replacement parts meet the same high standards as those installed in production.

The optional Ford Extended Service Plan covers selected components on new Mercury cars for longer than the vehicle's basic warranty. The cost is so moderate for the protection offered that it could pay for itself the first time it is needed. Ask your participating Lincoln-Mercury dealer for complete details of the plan, which is available on cars sold and normally operated in the 50 United States and Canada.

Ford Credit offers advantageous financing arrangements for qualified buyers, plus the convenience of making them right where you buy your car—at your Lincoln-Mercury dealer.

As an alternative to car ownership that may well suit your needs, there's Ford Credit's Red Carpet lease. Ask for the facts on leasing at your Lincoln-Mercury dealer.

EPA statement: 1992 EPA mileage estimates were unavailable when this publication was printed. The 1992 Mercury Capri, however, should post good mileage figures. Ask your Lincoln-Mercury dealer for the latest information.

Option availability: Options shown or described in this catalog are available at extra cost and may be offered only in combination with other options or subject to additional ordering requirements or limitations.

LINCOLN-MERCURY DIVISION

Buckle up—together we can save lives.
