

06 ESCAPE HYBRID

Built for the road ahead.

AUTOBEDRIJF HENDRIKS
HERE IS THE INFO YOU ASKED FOR.

Custom designed for:

AUTOBEDRIJF HENDRIKS

Thank you for your interest in the Ford Escape Hybrid. Included in this brochure is information about:

- **Most fuel-efficient SUV.** Escape Hybrid boasts an EPA-estimated 36 city/31 highway mpg. And it uses no fuel when stopped in traffic or driving at low speeds by running in straight electric mode.
- **Regenerative braking system.** Whenever you apply the brakes, you're recharging the battery. And the nickel-metal-hydride (Ni-MH) battery is sealed for life and never requires maintenance.
- **Real SUV cargo space.** Fold both rear seat backs down and you get a flat load floor with over 62 cubic feet of cargo space. Remove the rear seat cushion and max it out to 65.5 cubic feet.
- **Offers and Incentives.** Find out what great deals are currently available for your Escape Hybrid.
- **Dealer Information.** Find up-to-date contact information for your local Ford dealer. To visit a local dealer website and view a map of their location, click on one of the links below.

Premier Ford Inc	5001 Glenwood Rd Brooklyn, NY 11234	(800) 317-7929
Big Apple Ford	49-21 Metropolitan Ave. Ridgewood, NY 11385	(718) 417-7700
Popular Ford	2505 Coney Island Avenue Brooklyn, NY 11223	(718) 376-5600
Manhattan Ford Lincoln - Mercury	787 11th Ave. Between 54 & 55 New York, NY 10019	(866) 656-8558

We update our offers frequently and want to be sure you get in on a great deal! Please check again for offers and incentives on this vehicle or contact your local dealer.

* Not all buyers will qualify for Ford Credit financing. Please use the chart below to determine the monthly charge per \$1000 financed regardless of down payment. National incentives are effective on retail deliveries from dealer stock through April, 3 2006 but subject to change. A combined customer cash reduced financing rate option is available on most models. Regional programs may vary.

†Not all lessees qualify for Ford Credit RCL. Some payments higher, some lower. Residency restrictions apply. Take new retail delivery from dealer stock by April, 3 2006.

** Take new retail delivery from dealer stock by April 3, 2006. See dealer for complete details.

*** When financed through Ford Credit. Not all buyers will qualify for Ford Credit financing. Take new retail delivery from dealer stock by April, 3 2006. See dealer for qualifications and complete details. Ford Credit Bonus Cash is compatible with Ford Credit Financing Offer.

GET TO KNOW ESCAPE HYBRID.

As Earth's first full hybrid SUV, it compromises nothing. Getting you there, anywhere, with front-wheel- or 4-wheel-drive capability. Seating five people (and carting all of their stuff). Not to mention delivering engine performance while still being the most fuel-efficient SUV* (36 city mpg**). And producing 61% fewer smog-forming pollutants than the gas version. Which means it's not only 100% SUV, it's also 100% hybrid. And by living up to that standard, we've set a higher one.

*Based on '05 EPA ratings. **EPA estimated 36 city/31 highway mpg, front-wheel drive. Your actual mileage will vary based on driving habits.

YOU'LL FORGET IT'S A HYBRID. UNTIL YOU PASS A GAS STATION.

1. A new power moonroof is available this year. Discover nature. Preserve it. Then let it in.
2. Available leather-trimmed seating fits five rather comfortably.
3. Optional heated front driver and passenger seats are also new this year. Perfect for winter treks. Chilly mornings. And those of us who like a little extra warmth.

Even with the 60/40 split rear seat in use, you (and your passengers) get 27.6 cu. ft. of cargo space. Fold it down and 62.1 cu. ft. opens up the possibilities.

2005 North American Truck of the Year

IT DOESN'T NEED A CORD, BUT IT DID GET A PLUG.

Want to find out more about the SUV named Truck of the Year at the 2005 North American International Auto Show? Then head to the Ford website. Get a 360° view of the interior and exterior. Look at specs. Decide between paint colors and interior options. Even build your own. You'll find everything Escape Hybrid all in one spot.

EPA: +

+ 33 city/29 highway (4WD)**

* Starting Manufacturing Retail Price, excluding taxes, title, and registration fees. Optional equipment not included.

**EPA estimated city/highway mpg based on base engine/transmission configuration.

ALL HYBRIDS ARE NOT CREATED EQUAL.

Unlike the competition's mild hybrids which always require power from the gasoline engine when moving, full hybrids – like Ford Escape Hybrid – have the ability to drive in electric-only mode at certain speeds and have full regenerative braking. That means 61% fewer smog-forming pollutants and 80% better fuel economy.*

- ① Gasoline Engine – By design, this 2.3L engine is already fuel efficient. But add to it an innovative stop/start function that shuts the engine down at stoplights or during low speeds, and the fuel savings greatly increase.
- ② Electric Motor – Because it's a full hybrid, it can run on the electric motor only in regular stop-and-go driving. Up to speeds of 25 mph, in fact. And when the gas engine is running, the electric motor helps provide an extra boost of power for V6-like acceleration.
- ③ Transmission (eCVT) – The eCVT, or electronically controlled Continuously Variable Transmission, is the bridge between the gas engine and electric motor. Blending contributions from both sources, it eliminates the noticeable upshifts and downshifts you find in conventional automatic transmissions. The result is seamless shifting and a smooth ride.
- ④ Regenerative Braking – This technology recaptures energy normally lost during braking and stores it as electricity in the battery pack. Which is part of the reason Escape Hybrid never needs to be “plugged in.” It simply recharges itself.
- ⑤ Battery Pack – Containing sealed nickel-metal hydride batteries, this lightweight, maintenance-free battery pack stores electrical energy. It helps restart the gas engine. Boosts acceleration performance. And comes with a limited warranty of at least 8 years/80,000 miles.**

*Improved fuel economy and emissions data compared to Escape V6 gasoline engine. Escape Hybrid EPA estimated 36 city/31 hwy mpg, front-wheel drive. Your actual mileage will vary based on your driving habits.

FEATURED ESCAPE HYBRID SPECIFICATIONS

INTERIOR FEATURES - SEATING	Front Wheel Drive (FWD)	Four Wheel Drive (4WD)
Front seats: low-back buckets, premium cloth with adjustable head restraints, driver and passenger map pockets and 6-way power driver's seat	S	S
