

Mercury presents

Cougar and XR-7

Mercury Cougar, the car that captured America overnight, wins "Oscar" of the automobile world

"Car of the Year" . . . that's Mercury Cougar! So named by authoritative Motor Trend Magazine after a careful examination of all 1967 cars. And this top honor came as no surprise to an enthusiastic public who immediately greeted Cougar as a better idea. A better idea because Cougar improved on European lines without copying them. The precision handling makes the driver a real pro. There's a degree of silence, smoothness and riding comfort that can only come with the

greater length and weight of Cougar. And, of course, there's V-8 power at no extra cost. In fact, Cougar is a whole car full of luxury features from front to rear: concealed headlamps, bucket seats, deep-loop carpeting, floor-mounted shift, and sequential turn signals to name a few.

You'll like all the better ideas that make up Cougar. For a unique experience in the luxury/sports car field, take a test drive in a Mercury Cougar.

Concealed headlamps hide by day.

Triple taillights and sequential turn signals.

Spirited, sports car performance is very much a part of the Cougar personality with the Cougar 289 V-8 standard.

XR-7

Toggle switches control instrument panel courtesy lights, rear roof pillar courtesy lights and dual map lights mounted in Overhead Console.

Sports Console (optional) mounts transmission control, electric clock and radio.

Overhead Console features low fuel warning light, seat belt reminder light, door ajar warning light, parking brake warning light. Dual map lights are mounted in this console.

Door panels provide a handy map pocket and door-assist strap.

Spacious, full-width rear seat is upholstered in leather and vinyl for inviting comfort.

Mercury leaps ahead with a royal new Cougar called XR-7!

Look no further if you have hoped for the custom-crafted appointments of a classic European road car in an all-American package. It is here in Cougar XR-7! Supple, glove-soft leathers are combined with vinyl to give the front bucket seats the comfort and support so desirable in a fine road car. The rich deep tones of simulated walnut enhance the instrument panel and surround the

black-faced, competition-type gauges that fully report engine operation. The Cougar XR-7 incorporates all features of the Cougar, plus the custom luxury features detailed here. So much, in fact, that Cougar XR-7 demands your personal attention and careful inspection. No American sports car offers more to delight you. It's your personal invitation to driving adventure.

Cougar shown with optional vinyl-covered Oxford Roof.

Mercury Cougar— America's first luxury sports car at a popular price!

This is a better idea—the basic idea behind Mercury Cougar. Add new excitement to personal transportation through inspired styling and an unexcelled line-up of luxury features—all at a popular price.

You simply can't put a Cougar together by starting with a cheaper sports car and piling on options . . . no matter how much you spend. Because a lot of Cougar ideas aren't even available in them. Try the better idea, Mercury Cougar.

Personal luxury describes the standard Cougar interior. There's deep-loop, color-keyed carpeting, bucket seats and full vinyl upholstery. Note the sports type, three-spoke steering wheel, the padded instrument panel. Instrument panel courtesy light, glove box light and lower door courtesy lights are standard.

Sixteen handsome exterior body colors in baked Acrylic Super Enamel are offered. Stylish vinyl covered Oxford Roof is optional in choice of black or ivory.

Select-Shift Merc-O-Matic transmission allows driver to manually control shifting in first and second gears or leave selector in "D" for automatic operation. Shown mounted on optional Sports Console

Whisper-Aire Conditioner is "styled in", has high capacity for fast cooling.

Power Front Disc Brakes reduce fade for high performance stopping.

Combination AM Radio/Stereo-Sonic Tape System . . . a true entertainment center.

Tilt-Away Steering Wheel adjusts to nine different positions, swings aside for easy entrance and exit.

Speed Control maintains desired speed. Control button is located on end of turn signal lever.

Comfort-Weave Vinyl* is a cooler-breathing upholstery. Bucket seat interiors only in black, blue or parchment.

Full-width Front Seat* with center armrest offers extra passenger room with bucket seat comfort.

Personalize your Cougar with these exciting options

Here is just an idea of the extra luxury convenience and excitement you can add when you tailor a Cougar to your personal taste. Check the back cover of this folder for additional options.

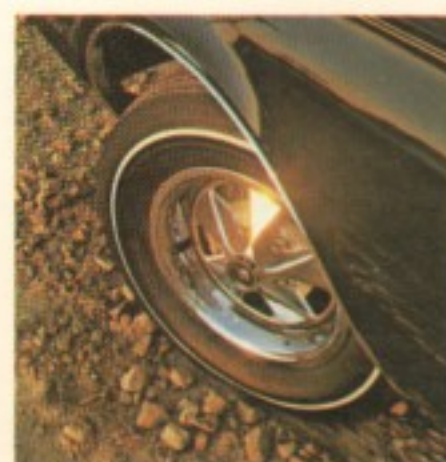

Deluxe Wheel Covers in a smart vanned design with massive hub. Offered as standard equipment for Cougar XR-7.

Wire Wheel Covers have the look of real wire wheels. Specially styled for Cougar.

Styled Steel Wheels with hub, rim, lugs and outer edges of five radials in sparkling chrome finish. Size: 14" x 5½", all steel.

GT Performance Group includes Marauder 390 GT 4V engine†; performance handling package‡; wide-oval, white sidewall, nylon-cord tires‡; low-restriction dual exhausts; power front disc brakes†; power booster fan; low-restriction air filter; special 6" rim wheels.

†Also available individually.

‡Available individually with Marauder 390 GT 4V engine.
