FORD TRUCK ACCESSORIES

Your Ford-built vehicle represents one of the finest of its kind on the American highways, as indicated by the continued leadership of Ford in truck sales. And Ford accessories are designed to provide additional comfort, safety and convenience . . . all quality-built . . . all excellent values.

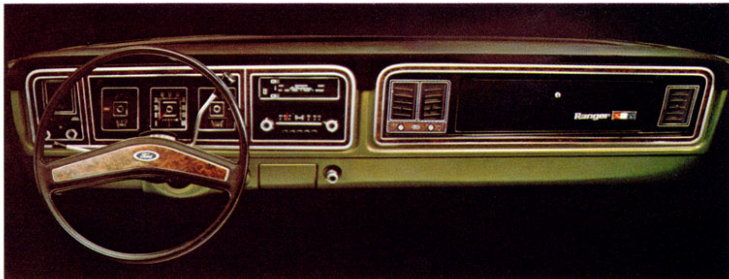

The following pages include a wide range of desirable accessories . . . air conditioners for year 'round comfort . . . entertainment units to keep you company on short or long trips . . . special equipment designed to increase driving pleasure and, most important, driving safety.

Look them over. Select the accessories best suited to your own needs and pleasure and have your Ford Truck Salesman arrange for installation. Remember, too, no one knows your Ford better than your dealership service department. It's the right place to go for maintenance and service.

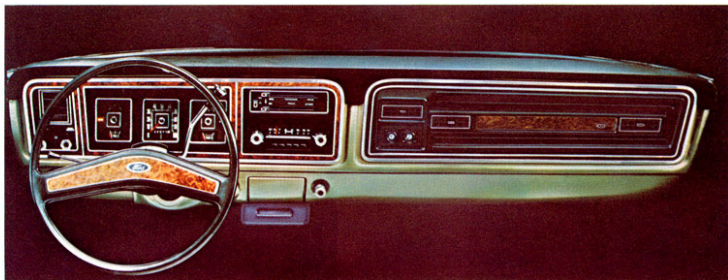

**NEW LIGHT TRUCK
AIR CONDITIONER**

High-performance, advanced design unit that fits into the instrument panel with no loss of the original glove box. Designed with a right and left remote register and two center registers with even air distribution for excellent cooling of the cab compartment. Complete temperature adjustment, rotary controls and variable blower speeds, with controls positioned for driver's easy reach.

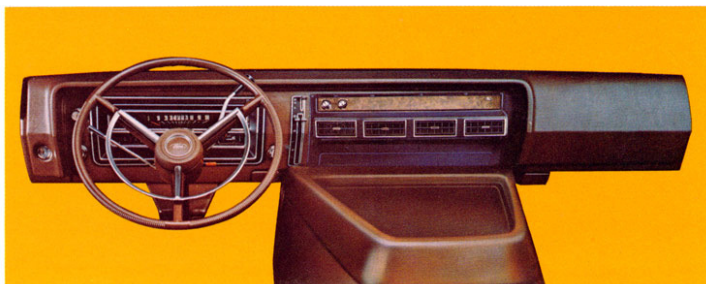

**CUSTOM TRUCK
AIR CONDITIONER**

High-performing unit that supplies excellent cooling to driver and passenger area from adjustable registers with shut-off features. Wide range of blower speeds, complete temperature adjustment and rotary controls. Fast cool-down of cab area or moderate cooling for any desired degree. Fits into instrument panel at the glove box location. Accessory glove box supplied.

**CUSTOM ECONOLINE
AIR CONDITIONER**

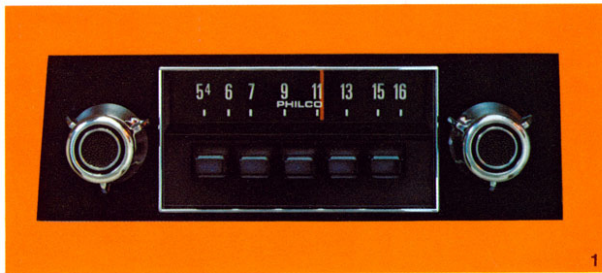

Installs in instrument panel with harmonizing simulated woodgrain panel and controls within easy driver reach. High air output, quiet, serviceable and designed expressly for Econoline. Rotary controls, complete temperature choice and wide range of blower speeds for speedy cooling through four adjustable horizontal louvers.

**COURIER
AIR CONDITIONER**

Slimline styled, quiet operating. Fits under Courier instrument panel with controls conveniently located in woodgrain panel. Four horizontal, adjustable louvers, wide range of blower speeds, full temperature adjustment and rotary controls. High air output for fast cool-down.

1

1. AM RADIO—TRUCKS, PUSH BUTTON

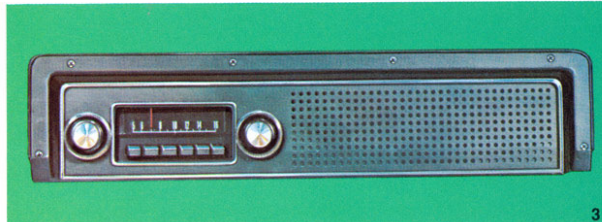

Push-button operation for easy station selection. Sparking, clear AM reception. Basic Part No. 18805. Also available for Courier (not shown). Basic Part No. 18805.

2

2. AM/FM MULTIPLEX STEREO RADIO—TRUCKS

Exceptional fidelity from all-transistor, full-dimension stereo FM and full band AM reception. 5 push buttons for handy station selection. Will replace factory-installed AM radio. F100/350—Basic Part No. 18805. Antenna Kit—Basic Part No. 18813. Speaker Kit—Basic Part No. 18808.

3

AM RADIO—SLIDE-IN CAMPER (not shown)

Designed for F-350 Camper. Sharp AM reception. Push-button operation. Chassis—Basic Part No. 18806. Installation kit—Basic Part No. 18819. Antenna Kit—Basic Part No. 18813.

3. AM RADIO—ECONOLINE

Convenient push-button station selection with superior AM all-transistor unit. Lighted dial. Basic Part No. 18805.

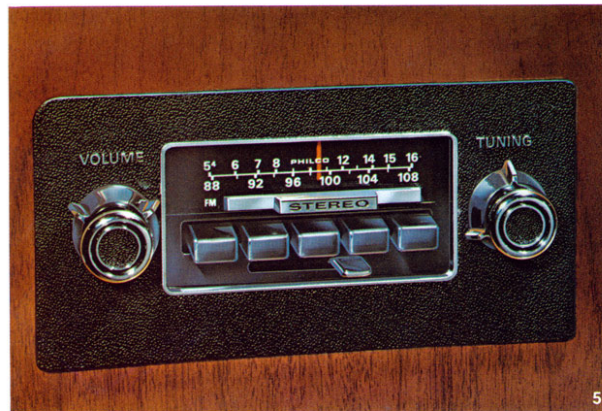

4

4. AM RADIO—BRONCO, "C" AND "W" SERIES TRUCK

Units have three-box systems. Chassis—Basic Part No. 18806. Antenna Kit—Basic Part No. 18813. Installation Kit—Basic Part No. 18819.

ANTENNA KIT—ALL MODELS (not shown)

Chrome, telescoping antenna providing maximum reception. Does not require radio chassis trimming when used with authorized radios. Basic Part No. 18813.

5

5. AM/FM MULTIPLEX STEREO RADIO—SLIDE-IN CAMPER

Designed for F-350 Camper. All-transistor full band AM reception and full-dimension stereo FM. 5 push-button operation for handy station selection. Chassis—Basic Part No. 18806. Installation Kit—Basic Part No. 18819.

AM/FM MULTIPLEX STEREO RADIO/TAPE—SLIDE-IN CAMPER (not shown)

Designed for F-350 Camper. Brilliant AM/FM Stereo Radio reception plus 8-track tape system for all-around listening pleasure. Chassis—Basic Part No. 18806. Installation Kit—Basic Part No. 18819.

1. SWING LOCK STAINLESS MIRROR—ECONOLINE

Greater visibility with large 6" x 10" surface mirror. Installs on door and adjusts to preferred angle. Mirror swings in close to cab when space is needed. Durable stainless steel. Basic Part No. 17696. Also available with painted brackets and stainless on stainless mirror. Basic Part No. 17696.

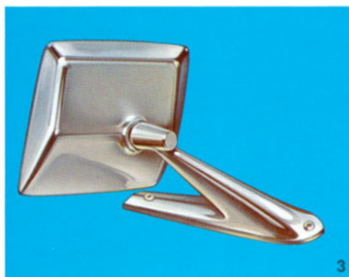

2. LEFT-HAND REMOTE CONTROL ADJUSTABLE MIRROR (Car Type)—TRUCKS

Door-installed mirror in attractive chrome. Quick angle adjustment with inside controls. Basic Part No. 17696.

3. OUTSIDE RIGHT-HAND AND LEFT-HAND MIRROR—BRONCO, LIGHT TRUCK

Increased driving safety with right side view. Match for car-type and remote adjustable left-hand mirror. Chrome finish, angle adjustment. For BRONCO (models with doors) and LIGHT TRUCKS. Fits L.H. or R.H. side. Basic Part No. 17696.

JUNIOR WESTERN PAINTED MIRROR—TRUCKS (not shown)

4. PANORAMIC RIGHT MIRROR—ALL MODELS

Provides broader, larger viewing field. Installs on standard mirror bracket. Chrome finish. Has angle adjustment. ALL MODELS—Basic Part No. 17696.

5. SWING LOCK/LOW PROFILE STAINLESS MIRROR—LIGHT TRUCKS, ECONOLINE

Virtually eliminates "blind spot" providing excellent rear and forward vision. Door mounted. Constructed of stainless steel for long life. Adjustable to desired angle, swings in for side clearance in tight places, one mirror fits either right or left-hand side, Junior Western size. Fits F100/350 (illustrated, ECONOLINE (not shown)—Basic Part No. 17696.

OUTSIDE REAR VIEW MIRROR—ECONOLINE (not shown)

5" 8" mirror in chrome finish styling. Serviceable, easy adjusting. Right-hand and

left-hand. Basic Part No. 17696.

6. CAMPER MIRROR—STAINLESS—TRUCKS

Provides improved vision for campers up to 7½ feet wide. Stainless steel construction for long life. Door installed and adjustable. F100/350—Basic Part No. 17696.

7. TRAILER TOWING DOOR MOUNTED MIRROR—BRONCO

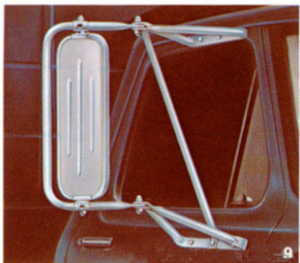

Door mounted for convenient adjustment. Provides excellent visibility behind trailer. Basic Part No. 17696.

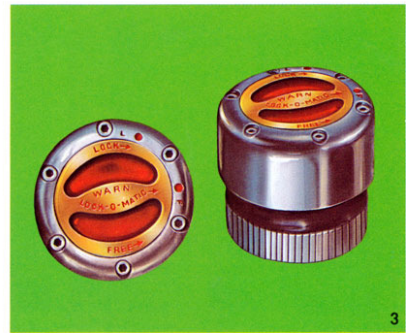

8. ROOF-MOUNTED SPOTLIGHT—BRONCOS, LIGHT TRUCKS

Auxiliary light where needed. Chrome finish. Inside operation. Basic Part No. 15313. (Illegal in Oklahoma and Wisconsin.)

9. WESTERN PAINTED MIRROR—TRUCKS

Popular utility truck mirror for right-hand or left-hand view. Adjustable. Mounts on conventional cab door. Provides undistorted vision. F100/600—Basic Part No. 17696.

1. SNOWPLOWS WITH LIGHT KITS—BRONCOS, TRUCKS

Dependable for efficient snow removal. Choice of two famous brands—Western or Meyer, available with or without power angling. Snowplows and power angling kits for BRONCO, F100/250 4 x 4 and F250 4 x 2. Snowplow Kit—Basic Part No. 19E537. Power Angling Kit—Basic Part No. 19F502. Twin-beam Headlight Kit with directional signals available; the kit complies with Federal Motor Vehicle Safety Standards and is required for all snowplow installations. Basic Part No. 15312.

2. SUPER-FLEX SHOCK ABSORBERS (AA TYPE)

Specially designed for rear suspension applications which require both heavy-duty shock control and increased rear suspension load capacity. The perfect answer when relatively high trailer tongue loads are encountered or where heavy loads are frequently carried, such as in station wagons.

3. FREE RUNNING AUTOMATIC LOCKING HUBS—BRONCOS, TRUCKS

Provides vehicle free wheeling for increased drive train and tire life. Engages automatically when greater driving power is wanted. Applicable on all BRONCOS except vehicles with locking differential front axles or which do not have tapped holes in axle outer ends. Fit F100/250 4 x 4 with 3000-lb. front axle. Basic Part No. 1104. (Will not fit F250 4 x 4 with 3500-lb. front axle.)

4. SLIDING REAR WINDOW—LIGHT TRUCK

Extra ventilation for greater cab comfort. Wide-range opening choice. An attractive accessory providing convenient pass through for campers. Fits F100/250. Basic Part No. 10422B30.

5. AIR LIFT KIT—TRUCKS

Increased front end support with heavier loads. Provides smooth rides and improved handling. Manual F100/250 (4 x 2), F100 (4 x 4). Basic Part No. 5A589.

AIR LIFT KIT—BRONCO (not shown)

Extra support for heavier loads on Broncos. Basic Part No. 5A589.

6. TONNEAU COVER—LIGHT TRUCKS, RANCHERO

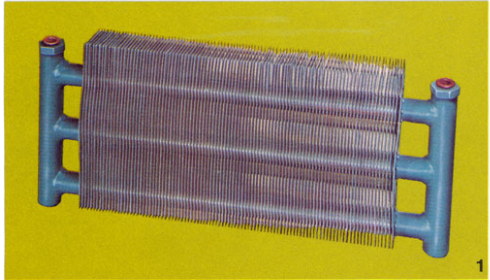

Sturdy cover-up for all cargo, 8-foot styleside box. Attractive, functional, convenient attachment and removal. Easily stored when not in use. Black or white. F100/250—Basic Part No. 501A42.

7. PICK-UP BOX RAILS—LIGHT TRUCK

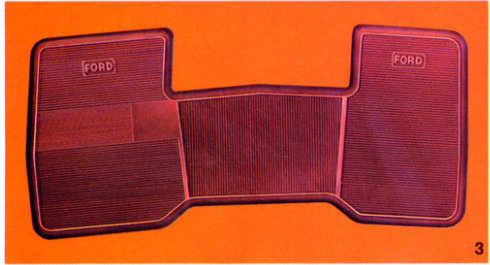

Convenient for cargo tie-down. Enhances truck styling with added flare. Made for F100/250 6- and 8-foot styleside truck only. Basic Part No. 32230.

8. REAR STEP BUMPER—LIGHT TRUCK

Strong REAR STEP BUMPER convenient for entering pick-up box. Has built-in area for mounting trailer hitch ball. F100/250—Basic Part No. 17906, standard and deluxe.

1. TRANSMISSION OIL COOLER—TRUCKS—HIGH CAPACITY

Keeps 6- and 8-cylinder engines with automatic transmission at top efficiency during heavy hauling at high speeds. Increases transmission life by keeping fluid cool. Especially desirable for air conditioned trucks and trailer towing. Basic Part No. 7K177.

TRANSMISSION OIL COOLER—TRUCKS—ECONOMY MODEL (not shown)

Supplies greater fluid cooling for moderate loads when used with 6- and 8-cylinder engines with automatic transmissions. Basic Part No. 7K177.

2. COOLANT RECOVERY SYSTEM—ALL MODELS

Catches radiator coolant overflow. Stores and returns it for re-use after pressure reduces. Ideal for high temperature conditions during towing, heavy traffic or long trips. Easily installed. Basic Part No. 8522.

3. FULL FLOOR MATS—TRUCKS

Floor protection with long-wearing rubber mat in choice of black, blue or red. May be cut to make twin mats. F100/750. Basic Part No. 13086.

4. FRONT BUMPER GUARDS—ECONOLINE

Chrome surfaced with rubber pads for greater shock resistance. Available for both front and rear bumpers. Basic Part No. 17858.

DOOR EDGE GUARDS—TRUCKS (not shown)

Trims and protects door edge from mars and chips. Narrow width style, easy to install. F100/F750. Basic Part No. 20910. Also available for Courier. Basic Part No. 20910.

5. SPLASH GUARDS—TRUCKS

Front and rear protection against mud and water splash-up. Made of heavy-duty rubber; quickly installed. Fit all F100/250-350 light trucks. Comply with proposed Federal Motor Vehicle Safety Standards. Basic Part No. 16A550. MEDIUM AND HEAVY TRUCKS (not shown) Basic Part No. 16A550.

6. FRONT BUMPER GUARDS—TRUCKS

Added front end protection with attractive chrome bumper guards. Heavy gauge steel with rubber pads for taking extra shock. Reduces bumper override. F100/350—Basic Part No. 17996. Also available for COURIER (not shown)—Basic Part No. 17996.

7. HOOD ORNAMENT

Add a distinctive styling touch. "Fold-down" safety design. Attractive chrome-plated finish with colorful insert. ALL LIGHT TRUCK MODELS. Basic Part No. 16850.

1. EMERGENCY REFLECTOR FLARE KIT

Meets the more rigid truck Federal Motor Vehicle Safety Standards. Gives your truck and you extra on-the-road protection while disabled. 3 reflector flares each on its own metal container that unfolds to form a base for the flare. Fluorescent and reflective, day or night, 3-reflector kit. ALL MODELS. Basic Part No. 19E500. Also sold individually. Basic Part No. 19F524.

POWER STEERING—ECONOLINE, TRUCKS (not shown)

Provides best steering ease for Ford Trucks. Basic Part Nos. 3C618 and 3A635.

POWER DISC BRAKES—ECONOLINE, TRUCKS (not shown)

Insures dependable, easier braking for safer driving. F100 (4 x 2) and E100. Basic Part No. 2A091.

2. FIRE EXTINGUISHER—ALL MODELS

Desirable for safety. Easy installation and operation. Holds dry chemical. 5 BC rating (illustrated) 10 BC rating (not shown). Basic Part No. 19B540.

3. SLIDE-OUT SPARE TIRE CARRIER

Sliding mechanism permits spare tire to easily be pulled down from its under-frame location. Tire slides out and down to the ground at rear of pickup for easy access. F-100/250 (2- and 4-wheel drive). Basic Part No. 1440.

TRAILER HITCH CLASS II—ECONOLINE (not shown)

Engineered to handle loads up to 3500 lbs. Safe hookup for trailer, camper or boat. Basic Part No. 19D520. 2" Trailer Hitch Ball—Basic Part No. 19F503. (To complete your hauling package, obtain Trailer Wiring Harness and Connector.)

TRAILER HITCH CLASS II—LIGHT TRUCK (not shown)

Handles loads up to 3500 lbs. F100/250. Basic Part No. 19D520. Use 2" Trailer Hitch Ball. Basic Part No. 19F503.

4. TRAILER HITCH AND BALL CLASS I—BRONCO

Needed for light towing with trailer, camper or boat. Ball included. Basic Part No. 19D520.

5. TACHOMETER—ECONOLINE, LIGHT TRUCK

Check engine RPM as you drive. Round type with 6000 or 9000 rpm calibrations. Convenient installation. Basic Part No. 17A326.

6. TRAILER PLATFORM HITCH—CLASS III

New, complete bolt-in unit for heavy duty hauling up to gross weight of 6000 lbs., and 800 lb. tongue load. Bolts direct to frame to provide a strong base. Accepts most commercially available draw bars and weight-distributing hitches. Basic Part No. 19D520.

7. PEAK PERFORMANCE MAINTENANCE AIDS

Motorcraft Oil Filter—two-stage rayon and cotton construction traps 50% more dirt and lasts twice as long as popular one-stage paper element filters. Part No. FL-1.

Motorcraft Air Filter—high-quality cellulose elements and special resins to avoid fire and resist collapse from moisture or oil fumes. Part No. FA-50.

Ford Super Premium Motor Oil—formulated to exacting Ford standards and engineered to keep your engine clean and operating at peak efficiency. Excellent protection for long life. All season adaptability. Basic Part No. 19579.

Motorcraft Electrical Tune-Up Kit—everything you need for a tune-up in one package. Autolite Spark Plugs, Motorcraft Point Set and Condenser, feeler gauge and cam lube, complete installation instructions. Part No. TKF-17.

8. CIGAR LIGHTER—ALL MODELS

A sure, safe light-up for drivers on the move. Basic Part No. 15A044.

DUAL AIR HORNS—BRONCO, TRUCKS (not shown)

Strong horns for loud, effective warning, especially on expressways. Chrome finished with air compressor. Basic Part No. 13800. Available also for trucks with air brakes. Basic Part No. 13800.

9. FORD CHEMICALS FORD COOLING SYSTEM FLUID

Provides "year-round" protection in both hot and cold climates. Extends life of cooling system components. Part No. 8A-19549-A,B.

CUSTOM SILICONE GLOSS

Easy-on, easy-off liquid polishing product. High silicone content means less resistance when polishing. Provides a durable lustre with minimum effort. Part No. B7A-19530-A.

FORD TOUCH-UP ENAMEL

For quick, easy touch-up of minor scratches, nicks and mars. Color matched to original paint. Basic Part No.

AE60—(Color No.)—A Series—3 oz. Brush-In Cap

—S Series—6 oz. Aerosol Spray

TUP—(Color No.)—AA Series—¼ oz. Tube
