

# CHRYSLER RECREATES A MEMORY. THE 1979 CHRYSLER 300.

A contemporary automobile reflecting one of our unique design concepts of the past. It's mirrored in the classic grille and the characteristic '300' Medallion. Remember?

The year was 1955. A hardtop coupe, with a 300 bhp Hemi engine, 2-speed automatic transmission and wire wheel covers entered the market. In two years it would gain the

reputation as the most powerful production car on the road. The Chrysler 300 . . .

The year is 1979. A Limited Edition hardtop with a 360-4V high-performance engine, 3-speed TorqueFlite automatic transmission and styled aluminum road wheels is about to be introduced. Our expectations are high. The Chrysler 300 . . .

# Exterior
