For more than sixty years Dodge cars and trucks have been an integral part of the automotive industry. During this time Dodge has maintained a tradition of design and engineering achievements that have been nothing short of historic. Along with this rich heritage, Dodge has revolutionized its products over the last three years in virtually every aspect of design, engineering, performance, manufacturing, servicing, and warranty protection.

Enormous resources, human and financial, have been channeled into breakthrough accomplishments. This commitment has often required shattering old ideas, establishing new standards, and daring to be different. Our aim has been one of constantly striving to be the best.

Dodge's total dedication to quality products and the confidence to stand behind them with an unprecedented five-year/50,000-mile limited warranty are the purest examples of our vision fulfilled. But our commitment to be the best can only be as successful as its final effect on you, the consumer. You must be completely satisfied with our products, our attitude, our services.

This is our ultimate goal.

5/50 PROTECTION PLAN

Warranty protection is a matter of confidence. And Chrysler Corporation is so sure of the care and precision that go into each Dodge Diplomat that they offer the Five-Year/50,000-Mile Protection Plan. It speaks for itself. Upon expiration of the normal 12-month/12,000-mile new vehicle limited warranty, limited warranty coverage is extended on power train components, including engine, transmission, and axle—plus outer panel rust-through protection—to five years/50,000 miles, whichever comes first. A deductible may be required. Fleet, lease and export vehicles excluded. See your dealer for details.

OPTIONAL 5/50 SERVICE CONTRACT COVERAGE

Chrysler Service Contracts provide you with additional peace of mind protection for your new vehicle. Coverage starts on the specified components after your vehicle's basic warranty expires and continues for five years or 50,000 miles (whichever comes first) from the original warranty start date. A deductible applies. Allowances for car rental and towing are also included. Ask your dealer for details.
