

# 1982 PONTIAC T1000

**T1000.** A slick looking, fun loving Hatchback that's all dressed up and ready to go!

With styled steel wheels. Black body accents. Swing-out rear windows. And wraparound tail lamps.

And this year we've added more standard features to both our 3- and 5-Door models. Rectangular halogen headlamps. Low-drag front disc brakes. And newly

designed reclining front bucket seats.

There's also a fuel-pinching\* 4-cylinder overhead cam engine with plenty of spunk. And a new available 5-speed manual transmission with overdrive on our 3-Door! (Not available in California.)

Want more of the big picture on our slick looking little T1000? Just open the flap!

\*See enclosed model/engine sheet for EPA fuel economy ratings.

**IMPORTANT: A WORD ABOUT THIS CATALOG.** We have tried to make this catalog as comprehensive and factual as possible. Since the time of printing, however, some of the information may have been updated. Pontiac Motor Division reserves the right to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Pontiac dealer for complete information.

Pure fun worshippers can select their 3-Door T1000 with availables like sport mirrors and wheel trim rings.

**STANDARD FEATURES:**

4-speed sport shifter and front console.

Multi-function control lever.

Delco-GM AM radio (may be deleted for credit).

Swing-out rear windows (3-Door only).

Reclining front bucket seats.

Sporty instrument panel and steering wheel.

**AVAILABLE FEATURES:**

Automatic transmission.

Tilt steering wheel.

Air conditioning and Delco-GM AM/FM stereo radio.

Rooftop luggage carrier.

Cast aluminum wheels.

Rear window fluidic washer/wiper and rear window defogger.

Available wheel trim rings, sport mirrors and luggage rack can make any T1000 look even slicker.

Slick looking, fuel-pinching, functional and fun loving. Pontiac's 3- or 5-Door T1000!

With room for four people. Or with the full-width rear seat folded down, the 3-Door is ready for 27 cu. ft. of cargo; the 5-Door, 28.6 cu. ft.

There's also an available rooftop luggage carrier to increase an already impressive payload! Inside, you'll enjoy the dashing instrument panel and sport steering wheel. The comfortable reclining front bucket seats. And the convenient multi-function control lever, and Delco-GM AM radio (may be deleted for credit). All standard!

Just fold down the rear seat, and T1000 serves up plenty of room for fun.

You also get a standard floor mounted 4-speed manual transmission, Rack and pinion steering. Advanced torque-tube drive to help isolate noise. A Delco-GM Freedom® II battery. And a full coil suspension that's not afraid of the rough roads ahead.

And if you're looking ahead, you'll be happy to hear about the 30,000-mile intervals between scheduled spark plug changes, under most operating conditions. The extensive anti-corrosion treatments. And the Plastisol film on the lower body to help protect it from stone damage.

The available cloth interior adds a softer touch to the already comfortable standard reclining front bucket seats.

## A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE PONTIAC PRODUCTS.

The Pontiacs described in this brochure are assembled at facilities of General Motors Corporation operated by Pontiac, GM Assembly Division or GM of Canada. These vehicles incorporate thousands of different components produced by various divisions of General Motors and by

various suppliers to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet public demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Pontiac products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Pontiac products and will provide the quality performance associated with the Pontiac name.

With respect to extra cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer.

Some options may be unavailable when your car is built. Your dealer receives advice regarding current availability of options. You may ask the dealer for this information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your car includes the optional equipment you ordered or if there are changes, that they are acceptable to you.

- High-energy ignition
- Speedometer graduated in kilometers per hour as well as miles per hour (odometer registers miles)

### ABOUT ENGINES

Some Pontiacs are equipped with engines produced by other GM divisions, subsidiaries, or affiliated companies worldwide. See model/engine sheet or your dealer for details.

### THE GM CONTINUOUS PROTECTION PLAN

The GM Continuous Protection Plan is now available to anyone purchasing a new Pontiac. It is one of the most extensive programs of its kind, providing extended repair protection (over and above the usual Pontiac limited warranties) against the cost of UNEXPECTED REPAIRS plus an allowance for towing expenses during and after the GM New Vehicle Limited Warranty period. And it's transferable.

The Plan covers up to ten major assemblies, plus most seals and gaskets.

The Plan offers an allowance toward the cost of a RENTAL VEHICLE should your car be inoperable and kept overnight for repairs covered by the GM Continuous Protection Plan.

See your Pontiac dealer today for complete details on this exciting GM Continuous Protection Plan. (Available in United States and Canada only.)

See your Pontiac dealer today about buying or leasing a 1982 Pontiac.
