

## 2006 PONTIAC SOLSTICE

---

A portrait of pure roadster: From the moment you set eyes on it, you want to know more, yet you already know everything. It is revealed to you like a subject's innermost character; not a curve of its profile is incidental. What has been frozen for study, laid bare for viewing, is a redefinition of rear-powered euphoria: a oneness with machine, a breath quickened, a flush of warmth, the very subtlest indications of how it will behave. And when you look at it, something is awakened in you. A yearning you didn't know you had. And should you finally be introduced, face-to-face, it can be answered. Solstice.™
