

2010 VIBE. DYNAMIC BY DESIGN.

A comprehensive list of standard features artfully combine to give the all-new Vibe a dynamic mix of performance, functionality, safety and style. They include: a sleek sculpted form over an agile, athletic stance; four-wheel disc brakes with ABS, traction control and StabiliTrak for confident performance; five-door convenience; five-passenger seating; and flexible storage. Plus, a standard household plug and a strong lineup of safety features that include active head restraints for both the driver and front passenger. And with Vibe, Vibe AWD and Vibe GT, the fun starts with choosing.

Vibe GT shown in Red Hot Metallic with available accessories.
