

2012 VERSA SEDAN

INNOVATION UPSIZED.

The world has changed. Small is big. Smart is sexy. And living richly isn't about how much you spend. The perfect car for this new way to roll? The 2012 Versa® Sedan. With a spacious interior, advanced technology and performance that's as responsible as it is responsive. Change is good. Especially when it looks like this. Innovation upsized. Innovation for all.

A MORNING LIKE THIS,
I FEEL PART OF
SOMETHING BIGGER.

PURE DRIVE

Innovation for a better world. Introducing PUREDRIVE,[™] a key part of our commitment to creating an eco-friendly lineup of lower-emission vehicles. In the 2012 Versa, that includes innovations that allow it to exceed the industry average Federal CAFE fuel economy standards for model year 2016 – four years ahead of schedule. That's a great way to start any day.¹

¹Adoption criteria above are based upon US Federal CAFE standards as of July 2011 for MY 2016. Federal standards subject to change by US government.

NEW WORLD.
YOUR VERSA SEDAN.

Nissan Versa 1.6 SL Sedan shown in Titanium with optional equipment.

Innovation that's long on comfort. We pushed the wheels to the corners, which allows Versa's suspension to be out and away from the cabin. The result? The most rear leg room in its class;¹ even more than the Lexus LS 460 or Mercedes-Benz E-Class!

Nissan Versa 1.6 SL Sedan shown in Sandstone Cloth with optional equipment.

WE LOOK AT THINGS DIFFERENTLY.

Now you can, too. The next few pages will help fill you in on what it's like to have a Versa Sedan in your life. It always has the smart answer to whatever you ask of it. Your turn for the carpool? With the most rear leg room in its class,¹ get ready for some passenger envy. If you've got a full to-do list, the navigation system with real-time traffic updates will help keep you clear of jams and on the roll.^{2,3} It even puts your favorite tunes fingertip close, letting you control your iPod® from the steering wheel.⁴ Best of all, Versa asks for so little in return – a tank of gas every now and then, and maybe the deluxe car wash once in awhile. All this from Nissan's most affordably priced vehicle. Surprised? Turn the page and find out even more.

¹Ward's Light Vehicle Market Segmentation, MY12 Versa Sedan vs. 2011 Small Lower Class. ²Never program while driving. KEEP ON ROCKIN'.

Jam session after work? No problem. Load your kit into the largest trunk in its class¹ and keep it safe and out of sight. And since you deserve rock star treatment as well, Versa looks after you with an advanced safety system, including 6 standard air bags²

A. Spacious Trunk – With 14.8 cubic feet of room, Versa's biggest-in-class trunk¹ lets you bring along everything you need and keep it safe from prying eyes.

B. Split Fold-down Seats – An available 60/40 split fold-down rear seat gives you real flexibility carrying people and cargo. The huge pass-through means tall and wide items are always welcome along for the ride.

C. Clever Storage – Keep the things you need close at hand yet out of sight with Versa's spacious glove compartment. There are also convenient places designed especially for your phone and MP3 player.

Six Standard Air Bags – 6 air bags are standard to help protect your most valuable cargo. Two dual-stage supplemental front air bags equipped with seat belt sensors and an occupant-classification sensor. Supplemental air bags for side-impact protection are built into each front seat. And two roof-mounted curtain side-impact supplemental air bags to help provide head protection for both rows of outboard occupants.²

Snug Kids – Nissan safety engineers have dedicated thousands of hours to evaluating hundreds of child restraints in Nissans. The result: An industry first, The Snug Kids Child Safety Seat Fit Guide. This guide lists child seats that fit the rear seats of Nissan vehicles, as well as offers invaluable tips on correct installation. Look for the latest Fit Guide at NissanUSA.com/SnugKids.

¹Ward's Light Vehicle Market Segmentation. MY12 Versa Sedan vs. 2011 Small Lower Class. ²Air bags are only a supplemental restraint system; always wear your seat belt. Even with the occupant-classification sensor, rear-facing child restraints should not be placed in the front-passenger's seat. Also, all children 12 and under should ride in the rear seat properly secured in child restraints, booster seats, or seat belts according to their size. Air bags will only inflate in certain accidents. See your Owner's Manual for more details. Inflated air bags shown for illustration purposes only. Actual air bags deflate after deployment. Cargo and load capacity limited by weight and distribution. Always secure all cargo.

MAKE THE CONNECTION.

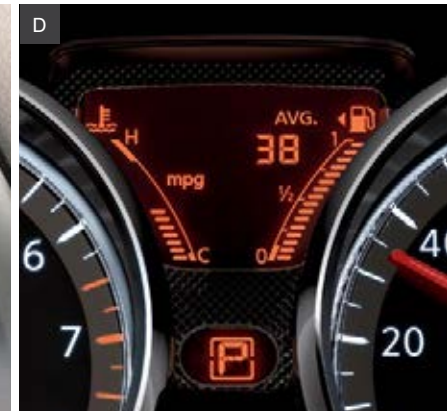

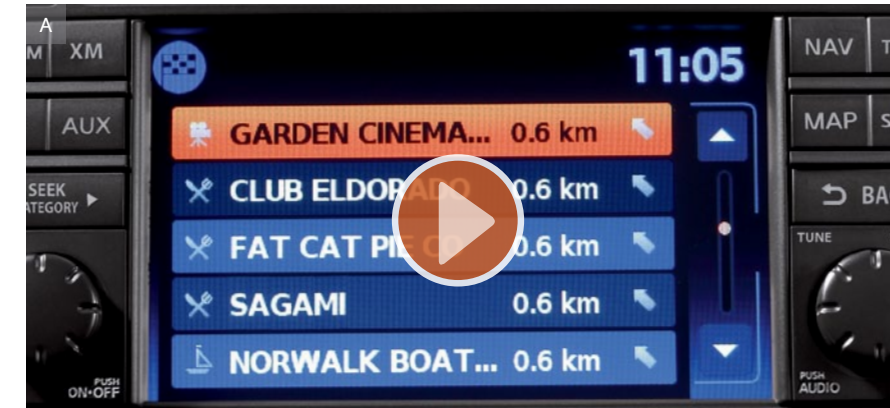

Whether it's avoiding traffic jams, rocking out to your iPod®, or keeping in touch with friends, Versa's available advanced technologies will hook you up.

A. Nissan Navigation System – Versa's 5-inch QVGA touch-screen display offers XM NavTraffic® for advisories in real time, and re-routes to help keep you on the go.^{1,2} 3-D perspective map viewing and millions of points of interest help you find what you're looking for in a flash. The system is also a master multi-tasker with the ability to display incoming Bluetooth® calls, XM® Satellite Radio and MP3/WMA song info.³

B. iPod®/USB Interface – Connect your iPod® or other portable MP3 player and listen to your own playlists or podcasts. Depending on model and equipment, you can even control your iPod® through Versa's audio system, including the touch-screen or steering-wheel-mounted remote controls.^{4,5}

C. Bluetooth® Hands-free Phone System – Your Versa keeps you connected. Make or receive calls with a touch of a button on the steering wheel. All while your phone stays tucked away.³

D. Drive Computer – All the key information you need is at your fingertips, including service interval information, distance to empty, and average and instantaneous mpg. And since Versa gets up to 38 mpg, it's great fun to watch those big numbers rack up.⁶

¹Never program while driving. GPS mapping may not be detailed in all areas or reflect current road regulations. ²XM Satellite Radio and XM NavTraffic require subscriptions sold separately after trial period. Subscriptions governed by XM Customer Agreement at xmradio.com. Fees and programming subject to change. Available only to those at least 18 years of age in the 48 contiguous United States and D.C. ©2011 SIRIUS XM Radio Inc. SIRIUS, XM and all related marks and logos are trademarks of SIRIUS XM Radio Inc. and its subsidiaries. ³Availability of specific features is dependent upon the phone's Bluetooth® support. Please refer to your phone Owner's Manual for details. The Bluetooth word mark and logos are owned by Bluetooth SIG, Inc., and any use of such marks by Nissan is under license. ⁴Driving is serious business and requires your full attention. Do not

operate any devices connected to the USB or auxiliary audio input jack while driving. ⁵Always give your full attention to driving. Avoid operating your iPod® in such a way that you can be distracted during vehicle operation. See dealer for details. iPod is a registered trademark of Apple, Inc. All rights reserved. iPod not included. ⁶2012 EPA Fuel Economy Estimates 30 city/38 highway mpg for Versa 1.6 SL Sedan with CVT. Actual mileage may vary with driving conditions – use for comparison only.

HUG TREES AND CORNERS.

The 2012 Versa is the first Nissan in North America to wear the PUREDRIVE™ badge. A key part of our commitment to produce eco-friendly vehicles, the PUREDRIVE™ initiative focuses on improving fuel economy and reducing CO₂ emission levels.¹ For any vehicle to wear the PUREDRIVE badge, Nissan requires that it exceed the industry average Federal CAFE fuel economy standards for model year 2016. The fact that the all-new Versa Sedan exceeds that standard four years ahead of schedule tells you how seriously we take the future, and also how exceptionally efficient and clean the Versa's technologies allow it to be. And since it's a Nissan, it's also great fun to drive. Truly a win-win situation. And that's something we all can smile about.²

1.6-liter DOHC 4-cylinder Engine – It's efficient and it's fun. And with the industry's first mass-produced dual fuel-injector per cylinder design, it's a technological tour de force. For no-nonsense acceleration and dynamic performance, this is an engine that's up for anything.

Xtronic CVT® (Continuously Variable Transmission) – This single, flexible belt does away with fixed gear ratios. Just put your Versa into "Drive" and glide away. We've made it even better for 2012 with smoother performance, better acceleration and better fuel economy.

Aerodynamics – Versa's sleek design is not only pleasing to the eye, it's slippery to the air, and that means better performance, improved fuel efficiency and a quieter ride.

Variable Valve Timing – Versa continuously adjusts its engine timing on both camshafts – an advanced, high-performance technology developed from our legendary Maxima® – to give you outstanding power when you need it, without a big, thirsty engine.

Friction-reducing Microfinishing – Critical engine components in Versa have been honed to an ultra-smooth surface for quicker response.

38 highway miles per gallon¹

SAFETY:

Our priority is to help you avoid an accident in the first place. That's why Versa comes standard with these advanced safety technologies.

Vehicle Dynamic Control (VDC) – Helps to keep you on your steered path, if Versa begins to experience oversteer or understeer, by reducing engine power and/or applying brake pressure to specific wheels.³

Anti-lock Braking System (ABS) – Versa's standard advanced ABS system gives confident, secure braking when you need it most.

Electronic Brake force Distribution – Adjusts brake proportioning to compensate for added weight from passengers or cargo. It even adjusts as fuel is consumed.

Brake Assist – "Reads" how quickly the brakes are engaged and immediately applies maximum available power boost for braking.

Brake Override Technology – Like every Nissan since 2005, Versa Sedan comes standard with Brake Override Technology. It's designed to help slow down your vehicle and bring it to a safe stop in an emergency by overriding accelerator input and reducing engine power when the accelerator and brake pedals are applied simultaneously.

¹Based upon comparison to MY11 Versa. 2012 EPA Fuel Economy Estimates 30 city/38 highway mpg for Versa 1.6 SL Sedan with CVT. Actual mileage may vary with driving conditions – use for comparison only. ²Adoption criteria above are based upon US Federal CAFE standards as of July 2011 for MY 2016. Federal standards subject to change by US government. ³VDC, which should remain on when driving except when freeing the vehicle from mud or snow, cannot prevent accidents due to abrupt steering, carelessness, or dangerous driving techniques. Always drive safely.

THERE'S A VERSA® SEDAN FOR YOU.

1.6 S

- 1.6-liter DOHC 4-cylinder engine
- 5-speed manual transmission or next-generation Xtronic CVT®
- 15" Steel wheels with full wheel covers
- AM/FM/CD audio system with auxiliary audio input jack
- Trip computer
- Air conditioning
- 6 Standard air bags
- Anti-lock Braking System with Electronic Brake force Distribution and Brake Assist
- Vehicle Dynamic Control (VDC) with Traction Control System (TCS)

1.6 SL

Includes SV features, plus:

- 15" Aluminum-alloy wheels
- Fog lights
- Bluetooth® Hands-free Phone System
- MP3/WMA CD playback capability
- Interface System for iPod®
- Steering-wheel-mounted audio controls
- Variable intermittent windshield wipers
- Front map lights
- Passenger visor vanity mirror
- Cloth door trim accent and chrome inside door handles
- 60/40 Split fold-down rear seats

1.6 SV

Includes S features, plus:

- Standard Xtronic CVT®
- Chrome-accented grille and outside door handles
- Dual power body-color outside mirrors
- Remote keyless entry
- Power door locks with auto-locking feature
- Power windows with driver's one-touch auto-down feature
- Cruise control
- Fine Vision electroluminescent gauges with tachometer
- Upgraded cloth seat trim
- Passenger seatback pocket
- Silver interior trim accents

Vehicle Configuration

Time to narrow it down to just one Versa Sedan. It might be easier than you think with this selection guide. Or, if you want an interactive experience, go to NissanUSA.com and find great ways to configure your Versa Sedan.

ACCESSORIZE.

Every Genuine Nissan Accessory is:

- Custom-fit, custom-designed and durability-tested.
- Backed by Nissan's 3-year/36,000-mile limited warranty.
- Easy to finance with vehicle purchase, for just a few dollars a month.

See your Nissan dealer for details, or go to: NissanUSA.com/accessories

Buying and owning a Nissan is like driving one: quick, convenient, confidence-inspiring.

Nissan Motor Acceptance Corporation. Whether you're buying or leasing, you'll find attractive rates and flexible terms to make your purchase more accessible.

New Vehicle Limited Warranties. Protection for your new Nissan includes 3-year/36,000-mile basic coverage and 5-year/60,000-mile powertrain coverage. Terms, conditions and exclusions apply. See Warranty Information Booklet for complete details.

Security+Plus.* For additional peace of mind, a variety of extended service plans lets you tailor the coverage to your driving habits.

Maintenance+Plus.* This extended plan ensures your Nissan will receive up to 17 different services and over 33 different inspection items at each visit, using the most up-to-date diagnostic equipment available.

Genuine Nissan Parts. When it comes time for service, any necessary replacement parts will be made using Genuine Nissan new or remanufactured parts, or Nissan-approved parts. And they're the only parts to carry Nissan's factory-backed limited warranty.

Nissan's philosophy toward the environment, "Seeking a symbiosis of people, vehicles and nature," describes our ideal for a sustainable mobile society, now and in the future. We launched the Nissan Green Program with specific objectives to realize this goal, and we are pursuing it energetically. For more information, log on to NissanUSA.com/green

INNOVATION UPSIZED. INNOVATION FOR ALL.

NISSAN VERSA® SEDAN

At Nissan, innovation is at the core of everything we do. It's about turning our ideas and dreams into something that makes a difference in your life, every time you get behind the wheel. So imagine driving a Versa Sedan, with all of this at your fingertips:

Stretch-out room. You've got the most rear leg room in the class. Even more than a Mercedes-Benz E-Class or Lexus LS 460.¹

More on-time arrivals. Available touch-screen navigation does more than serve up directions. Real-time updates from XM NavTraffic® help you avoid delays.^{2,3}

A greener world. Nissan's own PUREDRIVE™ technology helps you get up to 38 mpg hwy, while helping to reduce CO₂ emission levels.⁴

Rock, soul, polka. With the available iPod® interface, you've got your tunes on board, plus you can control your iPod right through Versa's audio system.⁵
