

ACURA TL 2002

THE HEART OF A LUXURY SPORTS SEDAN IS ITS ENGINE. AND THE HEART OF THE 2002 ACURA TL BEATS POWERFULLY WITH A 225-HORSEPOWER V-6 PULSE. THEN THERE'S THE NEW 3.2TL TYPE-S, WHICH PROVIDES A 260-HORSEPOWER, ADRENALINE-PUMPING

RUSH. BOTH 3.2-LITER, 24-VALVE ENGINES TEAM WITH A RACING-BRED DOUBLE-WISHBONE SUSPENSION SYSTEM FOR PRECISE HANDLING. AND BOTH CARS OFFER REFRESHED FRONT STYLING AND LEATHER-TRIMMED LUXURY IN THE EUROPEAN SPORTING TRADITION.

PEAK PERFORMANCE AT THE HEIGHT OF LUXURY.

The 2002 Acura 3.2TL® lets you enjoy sports-sedan performance in sumptuous comfort. And the new TL Type-S takes that performance to a whole new level. Its smooth and precise 3.2-liter, 24-valve V-6 produces a scintillating 260 horsepower. Both versions offer the choice of hands-on or fully automatic shifting, thanks to the innovative 5-speed Sequential SportShift™ transmission. And the Type-S adds the enhanced control of the Vehicle Stability Assist (VSA®) system to the razor-sharp handling provided by the race-bred, fully independent double-wishbone suspension.

Inside, five passengers can savor all the trappings of power and luxury. The TL seats are trimmed in supple leather, and the Type-S offers sporty perforated leather as well as metallic-faced gauges. The standard automatic climate control system always provides the perfect environment while you listen to the premium Acura/Bose® Music System with its 6-disc in-dash CD changer. The list of features is seemingly endless, from the sunglass holder and the auxiliary power outlets to the steering wheel-mounted cruise-control and audio switches. **1-800-TO-ACURA/WWW.ACURA.COM**
