

CAVALIER

The popular Cavalier

just keeps on getting

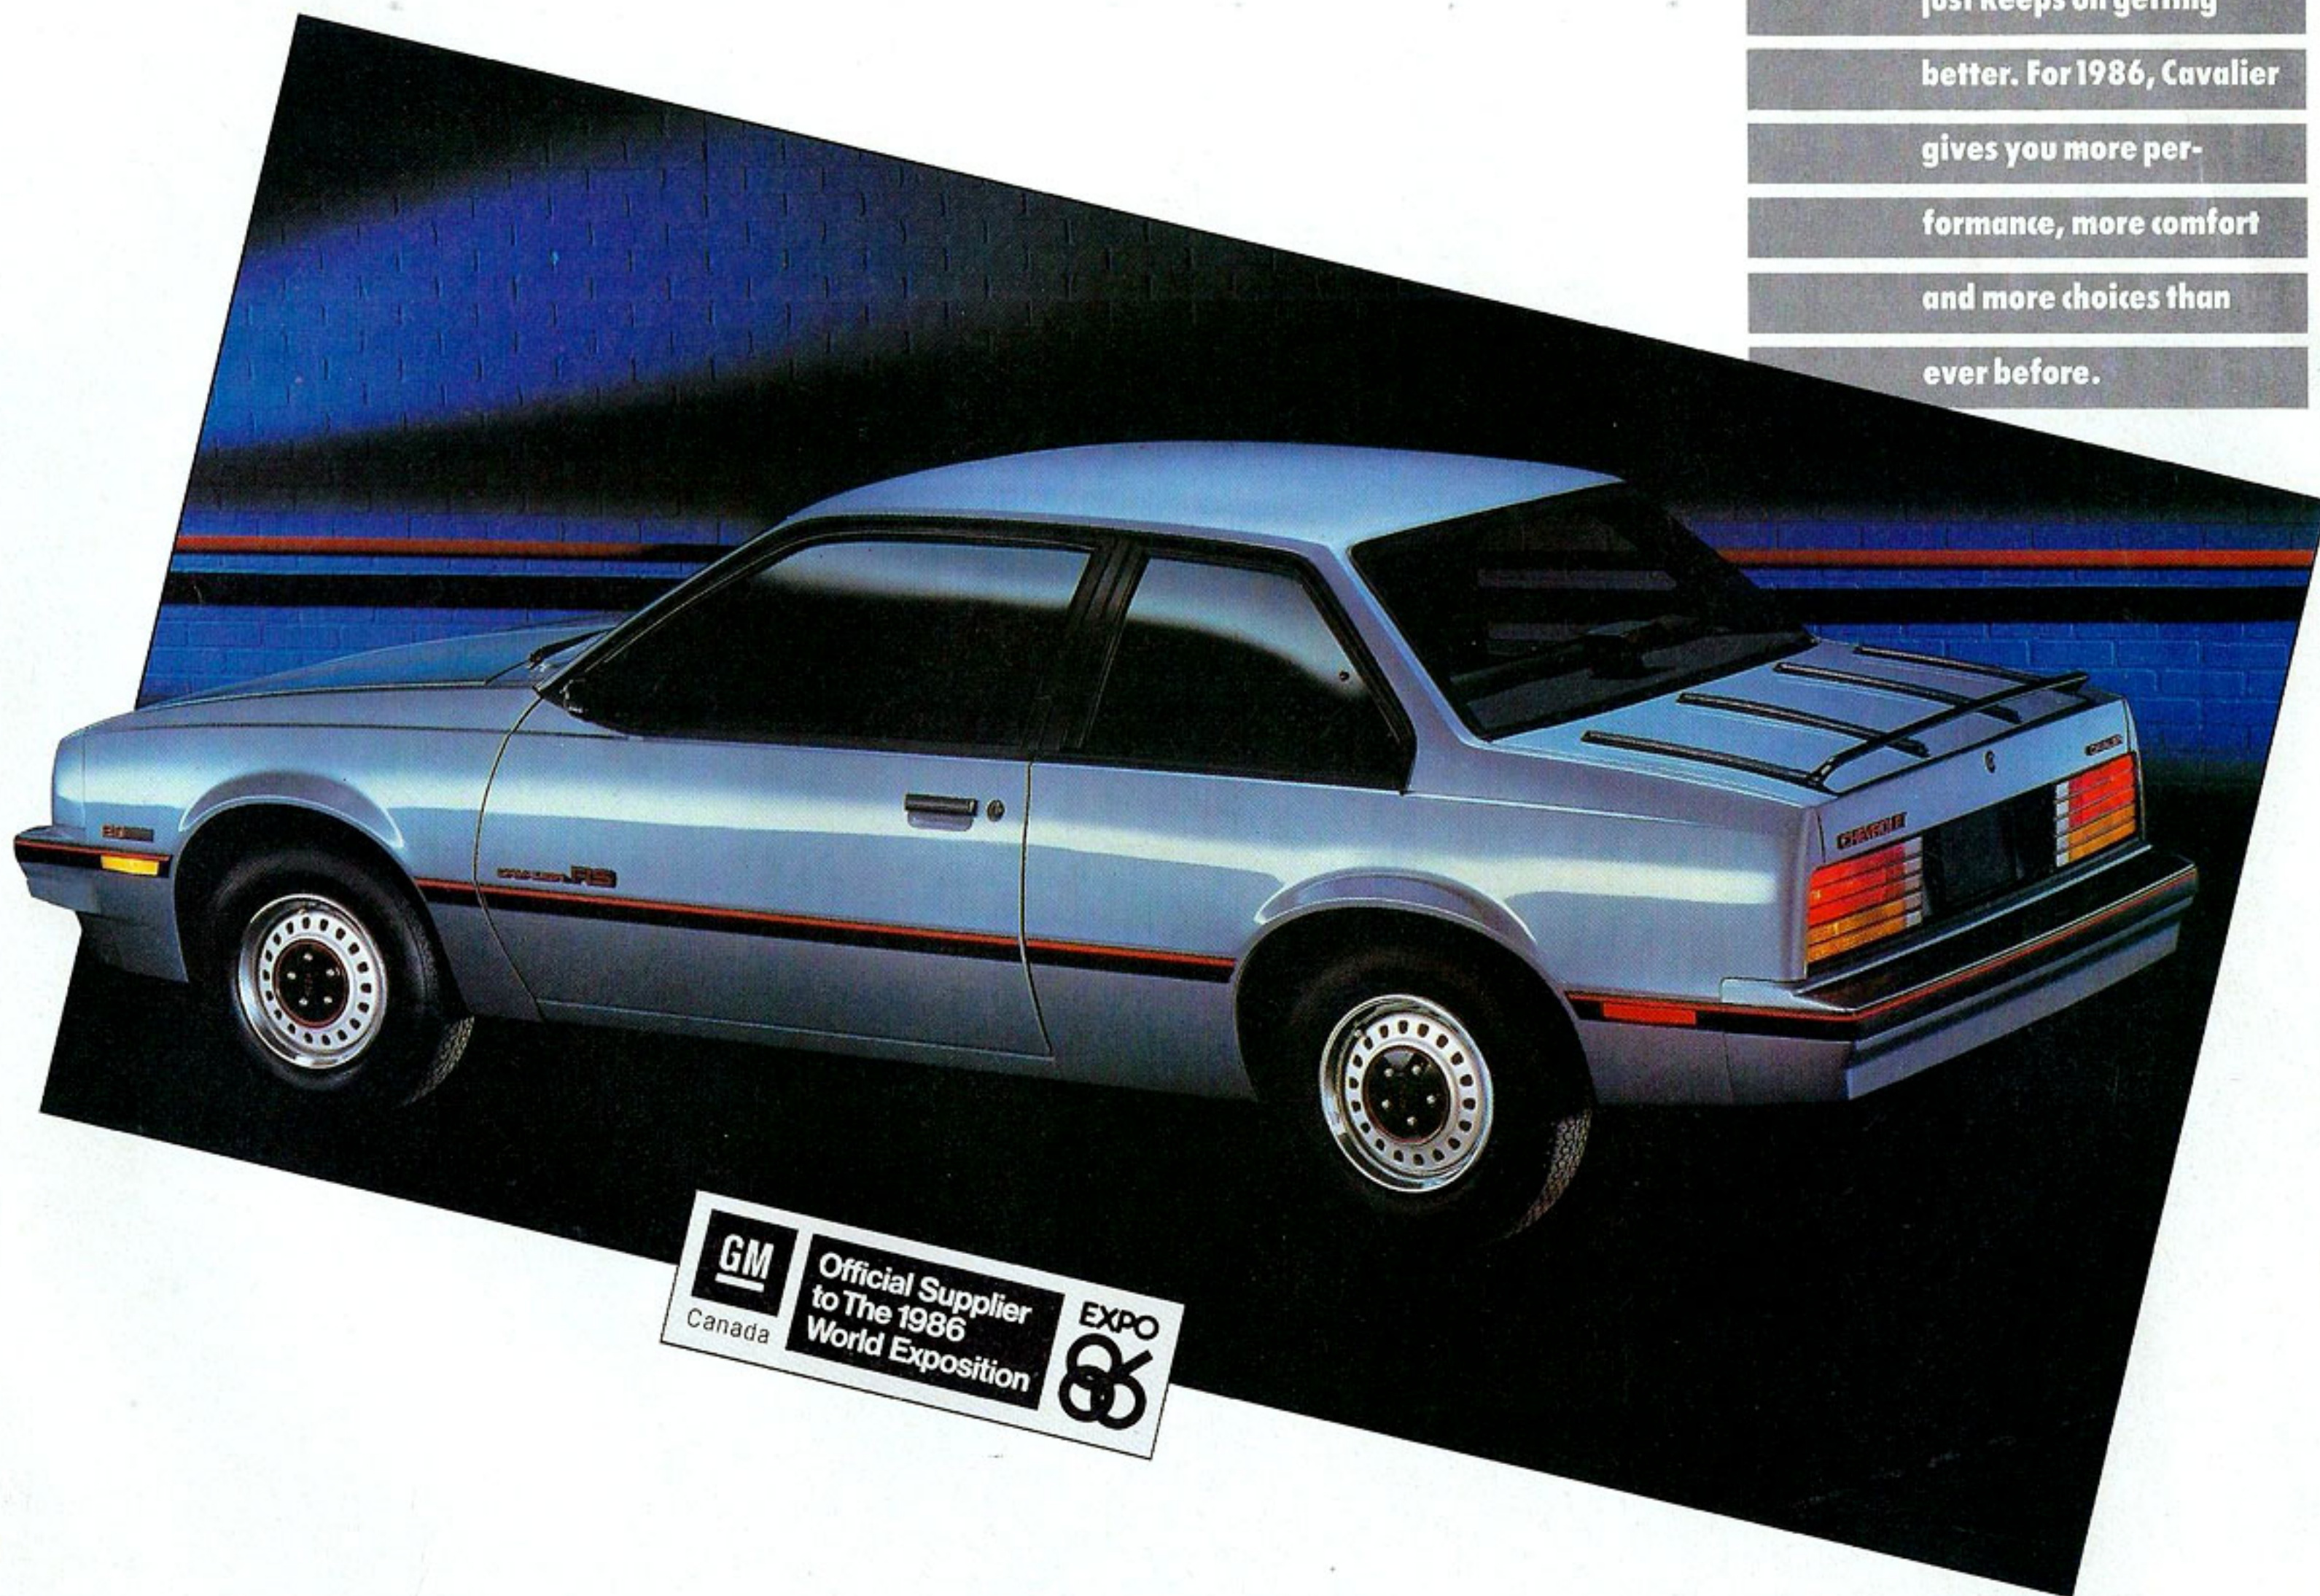

better. For 1986, Cavalier

gives you more per-

formance, more comfort

and more choices than

ever before.

C H E V R O L E T 1 9 8 6

1986 Cavalier RS.

The Hot One's Even Hotter.

Cavalier's always been fun to drive, and this year that fun takes on new dimensions with the sporty RS series.

Every detail is integrated. Beautifully. There's black-accented exterior trim, a hot red stripe located within the standard body side moulding, distinctive identification and body-colour bumpers.

Settle into the spacious cockpit and find out how good the open road can feel. Cloth upholstery and contoured, foam-cushioned, reclining front bucket seats are standard.

Command the throttle controlling the standard 2.0 Litre engine with Electronic Fuel Injection and feel Cavalier's front drive pull you away. Smoothly. Surely.

Run the standard 4-speed (or available 5-speed*) manual through the gears and feel the engine's quick response.

A response equalled by Cavalier's sophisticated road-tracking, enhanced for 1986 with wider 13" all-seasons steel-belted radial tires, F41 Sport Suspension and power steering - all standard.

Cavalier RS. The accent is on excitement.

* 3-speed automatic also available.

- Front cover: Cavalier RS Coupe.
- Cavalier RS Sedan.

■ Cavalier CL Custom interior.

- Cavalier RS instrument panel with available equipment!
- Cavalier RS Convertible.

**Note: Speedometers in Canada have major scale in km/h, secondary in MPH and odometer in kilometres.*

Cavalier RS Convertible.

An Open Invitation to the Road.

All it takes to open up a Cavalier RS Convertible is the push of a button. An electric motor lowers the top, letting you discover the real meaning of solar power. Then you release the available 2.8 Litre V6 with Multi-Port Fuel Injection (2.0 Litre L4 with EFI standard) and feel the eager power as you run smoothly through the gears of the standard 4-speed manual (3-speed automatic transmission available*).

The open road won't cool Cavalier down, either. Power steering, front drive, fat 13" tires, and sport suspension - all standard - let you enjoy the sun on the run.

In the fun one. Cavalier RS Convertible.

**5-speed manual available with 2.0 Litre engine.*

New Cavalier Z24.

Camaro Z28 Is Its Big Brother.

Cavalier has something new to show other drivers this year. Its rear bumper. Going away.

Because with the new Z24 series, Cavalier boosts itself from the realm of driving fun into the world of performance.

Z24 takes off as the ultimate Cavalier, with the 2.8 Litre V6 with Multi-Port Fuel Injection

standard, teamed with a 4-speed manual (3-speed automatic available).

It took a lesson in handling from Camaro Z28, with a suspension stiffened up with heavier anti-sway bars, higher-rate springs and shock valving, and sticky 14" Eagle GT tires.

Then it took a lesson in aggression, with Z28-like "ground-effects" panels, left and right. Dropped down at the nose with a front-air dam, in back with an available rear-end spoiler.*

New Z24. Two-door coupe or hatch. The hottest Cavaliers. *Hatchback coupe only.

Cavalier Z24.

Driver Information Centre.

Z24 isn't just quick outside. It's quick inside, as well, with an electronic Information Centre that tells you everything you need to know.

Vital data is monitored by a 16K computer, and then called out on a screen that's specially canted to reduce glare and reflection.

Headlamp, wiper/washer and heater switches are all arranged around the periphery of the steering wheel.

Cavalier Z24. When you're in the driver's seat, you're in total control.

■ Cavalier Z24 electronic cluster (with English or Metric readout) instrument panel, showing available air conditioning, interval wipers and new available Electronically Tuned Receiver, with seek-and-scan feature.

■ Cavalier Z24 Coupe and Hatchback.

Cavalier CS Sedan.

Where performance and comfort come together.

For big car comfort in a trim, sophisticated package, this one's the favourite.

Inside, enjoy the firmness of foam-cushioned, orthopedically-designed bucket seats. In the rear, a generous 864 mm (34 inches) of leg room helps make long trips seem short.

For the driver, Cavalier CS offers easy-to-read gauges and conveniently located controls. Everything is right where you want it, from the available Delco sound systems to the standard console-mounted shifter.

Equally impressive is the response of the standard 2.0 Litre Electronically Fuel Injected four-cylinder engine, which provides power as smooth and sure as Cavalier's ride. Trim exterior dimensions and rack-and-pinion steering mean you'll never have to wrestle to manoeuvre, while front drive and all-seasons steel-belted radials help give you sure-footed confidence in all kinds of weather.

■ Cavalier CS Sedan
■ Cavalier standard interior.

Features and Options

Cavalier's range of features and options lets you add your personal touch to Cavalier.

For a truly distinctive Cavalier, choose the exclusively Canadian Cavalier ZF2 Hatchback. White wheels and lower body panels complement blacked out detailing and special stripes for a bold look. And ZF2's interior and standard F41 suspension make your driving feel as good as it looks.

Appearance and Protection

- CL Custom Interior and Equipment package (available on CS, RS, Z24 and ZF2 models) includes custom interior and custom reclining seats and adjustable head restraints, split-folding rear seat on hatchbacks and wagons and Quiet Sound Group (Std. convt.) ■ Body pin striping ■ Bumper guards (NA Z24) ■ Custom Two-Tone paint (CS and RS (except convt.) models only); includes pin striping on CS ■ Electric rear window defroster (Std. on CS, RS except convt., Z24 and ZF2) ■ Floor mats, front and/or rear with carpeted inserts ■ Halogen headlamps, high and low beam ■ Intermittent windshield wiper system ■ Louvers, rear window (RS and Z24 Hatchbacks only) ■ Mirrors: Sport, left-hand remote and right-hand manual (Black) (Std. on convt. Z24) ■ Mouldings: Body side (Cavalier only); Door edge guards; Wheel opening (convertible); Wheel opening and rocker panel (coupes, hatchbacks, sedans and wagons) ■ Rear compartment cargo cover (hatchbacks and wagons) ■ Tinted glass (Std. on convt.).

COMMITMENT TO

Excellence

General Motors recognizes that taking delivery of your new vehicle is a significant event. To ensure that your delivery experience contributes to your overall satisfaction, we have implemented a "Commitment to Excellence" Delivery Procedure.

This procedure includes a thorough new vehicle inspection by both the service technician and salesperson, a full tank of fuel, and a follow-up survey to determine your satisfaction with the delivery experience.

General Motors "Commitment of Excellence" is yet another excellent reason to "Look at GM Today."

Safety Features Occupant Protection

■ Manual lap/shoulder belts for driver and right front passenger (driver's side includes visual and audible warning system) ■ Manual lap belts at each rear-seat position ■ Energy-absorbing steering column ■ Energy-absorbing instrument panel ■ Energy-absorbing front seat-back tops ■ Laminated safety windshield glass and tempered safety side and rear window glass (except plastic rear window, Cavalier Convertible) ■ Safety interlocking door latches ■ Passenger-guard inside door lock handles ■ Inertia-locking, folding front seat-back ■ Safety armrests ■ Head restraints, driver and right front passenger (adjustable and integral).

Accident Avoidance

■ Side marker lights and reflectors ■ Parking lamps that illuminate with headlamps ■ Four-way hazard warning flasher ■ Backup lights ■ Centre high-mounted stop lamp ■ Directional signal control with lane-change feature ■ Windshield defroster, washer and dual-speed wipers ■ Inside rearview mirror with vinyl-bonded glass ■ Outside left rearview mirror (right mirror standard on convertible, ZF2 and Z24 models) ■ Brake system with dual master cylinder and warning light ■ Starter safety switch ■ Dual-action hood-latch system ■ Low-glare finish on instrument

panel top, inside windshield mouldings, wiper arms/blades, metallic steering wheel surfaces ■ Illuminated heater and defroster controls ■ Illuminated windshield wiper and washer controls ■ Tires with built-in tread-wear indicators.

Theft Deterrence

■ Audible reminder for ignition key removal ■ Theft deterrent steering column lock ■ Visible vehicle identification number.

For Your Protection*

1. New Vehicle Limited Warranty—12 months or 20,000 kilometres, whichever comes first.
2. Powertrain Coverage—36 months or 60,000 kilometres, whichever comes first on gasoline engines (\$100 deductible).
3. Owner Assistance Program.
4. Special Policy Adjustment Program.

*Ask your dealer for details.

5-year unlimited kilometres corrosion perforation warranty. On all 1986 GM passenger cars. Ask your dealer for details.

While there are many service contracts available on the market today, there is only one which gives you an agreement directly with General Motors. It is the one with the GM Protection Plan logo shown above. This logo on all Plan material

assures you that the service contract you are buying is the GM Plan, we believe the finest such program available to GM owners.

The GM Protection Plan provides additional protection during and after the new vehicle limited warranties. Ask your General Motors dealer for details and information about the genuine GM Protection Plan.
