# ASTRO & ASTRO VAN 1987

Two vans from the outside.  
The same solid technology  
under the skin. That's the story  
on Chevy Astro—a combination  
of basics and choices that  
is sure to meet your needs.

## ASTRO FUNDAMENTALS.

These are the elements common  
to every Astro.

- Rear drive, for substantial cargo, towing and people capacities.
- Compact dimensions, clean, uncluttered exterior styling and seven-step base coat/clear coat paint—with the kind of tight fit and smooth finish that result from the use of robotics and other advanced production techniques.
- Flush windows and door handles and hidden drip gutters reduce wind drag.

■ Front doors tilt out at the loops when open for ease of access.

- Low step-up height. (Passenger Van: 16.33"; Cargo Van: 16.74").
- Smooth-sliding side door.

■ Rear panel doors that open wide while allowing long loads to be carried on the roof.

- Rear step bumper for easy step-in and loading.

- A variety of optional window configurations.
- 6,000-lb. towing capacity, including passengers, cargo and trailer, when Astro is properly outfitted with optional equipment. This is the largest towing capacity available in any compact van.

And, at the end of the day, when work and play are done, Astro fits comfortably into a standard garage.

\*Excludes other GM products.

Shown on front cover:  
Astro with Luxury Touring option in Fleet Blue  
Metallic and Sapphire Blue  
Metallic. Fleet supplied  
by various manufacturers.

## ASTRO PASSENGER VAN.

In its passenger version, Astro is rapidly replacing a lot of sedans, wagons and pickup in garages across America. Here are some reasons why:

### ■ Standard Vortec 4.3 Liter V6 with Electronic Fuel Injection (EFI) power linked to a 5-speed manual overdrive transmission. A 4-speed automatic with overdrive is optional.

- Five-passenger seating is standard, with optional choices that accommodate from four to eight.
- A wide range of available options outfit Astro for people-carrying, long-haul touring and just about everything in between.

### ASTRO CARGO VAN.

As a cargo van, Chevy Astro is designed to perform just about any task.

#### ■ The standard Tech IV 2.5 Liter engine with EFI is tied to a 4-spd. manual transmission.

- Optional Vortec 4.3 Liter V6 with EFI delivers more power.
- Optional 4-speed automatic overdrive transmission is great for city delivery and highway operations.

■ Optional 5-speed manual transmission is also available.

- 1,000-lb. payload is standard. Or option up to 1,350 or 1,700 lbs. (Includes passengers and cargo.)

■ Maximum cargo volume is a spacious 189.9 cu. ft. (With driver's seat only in the van.)

No matter which Astro you choose, you'll find this vehicle is perfectly in tune with today's driving needs.

## LUXURY TOURING

LT stands for Luxury Touring, and, as you can see, this special Astro model is just that—the luxurious way to go.\*

### PLUSH INSIDE.

- New lush velour fabric covers all seats and trim panels.
- Seating for five is standard.
- New high-back front buckets are contoured for comfort and framed by dual integrated armrests. Seat-backs recline, and the full-width headrests are adjustable.

Luxury Touring interior in Saddle Tan

- The midship contoured split-back seat features a fold-down center console with convenience tray and cup pockets. The seats on either side, with reclining backs and fold-down armrests, provide exceptional comfort for two; return the center console to its upright position and voila—room for three!
- The optional rear seat, which has the same split-back design as the middle seat, increases passenger capacity to eight.

- The right-side portion of the middle seat folds forward for easy access to the rear of the vehicle.

- Both second and third seats snap out whenever you need maximum cargo room.
- Rear window glass swings out for ventilation.
- A new luxury Sport steering wheel is included.
- Choose your LT interior in Blue or Saddle Tan.

\*The LT model is available Jan. 1987.

LUXURY TOURING

Astro with Luxury Touring option in California Gold Metallic and Dark Saddle Metallic. Tires supplied by various manufacturers.

Astro towing up to 6,000 lbs., when properly equipped. Shown at right: Astro with optional CS trim and optional Sport Two-Tone paint in Head Blue Metallic and Sterling Silver Metallic.

Long loads on the roof don't interfere with back-door operation, thanks to Astro's swing-out rear doors. There's no compromise to stretch the load or to climb or reach over the rear step bumper area. Facilities roof-top loading. Shown at right: Astro with optional CS trim in optional Special Two-Tone Tan and Burnt Red Metallic. Tires supplied by various manufacturers.

The more you get out of life, the more you'll get out of Astro. Astro's many capabilities are a perfect match for nearly any activity you and your family enjoy.

**TOWING.** Boat, camper or trailer, Astro can tow up to 6,000 lbs., when equipped with the optional Heavy-Duty Towing Package. (Includes passengers, cargo and trailer. Other options are required.) That's more towing capacity than you can get in any other new-size van.\*

**CARGO.** There's room for lots of supplies behind the second seat. The second seat and optional rear seats snap out whenever you need more room. Total cargo volume with only the front seats in place is 151.8 cu. ft.

**LOADING.** Astro's swingout rear doors and smooth-sliding side door make it easy. You can back up to your side door or front porch. And you can tote long objects on the roof.

\*Excludes other GM vehicles.

**PARTYING.** There's plenty of room for an impressive buffet at your favorite picnic spot or before the big game.

**MANEUVERING.** Astro's compact enough to scoot through city traffic, park in little spaces and turn around in an amazing 39.5 feet, curb-to-curb.

**GARAGEABILITY.** Astro fits securely and easily into your garage at night.

Swing-out rear doors and a Roll-Rack make loading Astro easy. The underbody spare tire carrier (standard on CS and CL models) turns up maximum capacity inside the van.

# ASTRO VERSATILITY

Astro's front doors swing back at the tops for easy interior access. Front door pockets are standard.

The interior appointments and flexibility of the Astro Passenger Van are just right to meet your changing needs.

#### SEATING ARRANGEMENTS.

- Accommodations for five are standard in front buckets and middle bench.
- Add the optional third seat, and capacity increases to eight.
- The middle bench can be replaced with optional buckets.
- Second and third bench seats may be arranged to face each other or the rear of the vehicle.

#### UP FRONT.

- Astro's high-tech control center is enclosed in a stylish black fascia.
- The center of the instrument panel features a fold-down, lighted beverage tray.
- Handy front-door map pockets are included.
- Front doors swing away at the tops for easy entry.

Some of Astro's many other features, both standard and optional, are also shown here.

At top: Astro's high-tech instrument panel, shown with optional Sony AM/FM stereo cassette.

Above left: Standard fold-down beverage tray is located up front.

Above: The optional rear beverage caddy (included with CL 30K and eight-passenger seating) can be used to keep things cool.

A choice of seating arrangements accommodates from two to eight passengers. Astro with available seating for eight.

Fold the seat backs down to create a flat surface.

Turn the middle and available third seats to face each other or the rear.

Remove the second and third seats to open up a large load space.

Add optional captain's chairs in front and middle positions to enhance your riding comfort.

# ASTRO INTERIORS

Inside. That's where you spend most of your time. That's why you'll appreciate Astro's blend of comfort and room. In fact, four foot of walk-through height allows you to move about easily.

## STANDARD.

- Astro provides basic seating for five, with two high-back buckets up front and a bench seat in the middle.

- Vinyl material makes these seats perfect for young families.
- Black mats cover all floor areas.

- Molded door trim panels and front and midship dome lights are included, as well.

## C5. This is Astro's mid-level model with:

- Color-keyed floor mats.
- Color-keyed moldings, side pockets and trim panels.
- Color-keyed headliner.
- Molded storage compartment in the left rear.
- Remote fuel filter door release.
- Molded jack and tool area in the right rear.
- Underbody spare tire carrier.

**C7.** This top-of-the-line package model surrounds you with the best. C7 includes items in the C5 package, plus:

- Color-keyed carpeting from door sill to door sill.
- Carpeted kick panels.
- An upgraded instrument panel includes gauge package, trip odometer and Custom steering wheel.
- Custom Vinyl or Custom Cloth fabrics—the choice is up to you.

Shown at left: Standard interior in Saddle Tan.

Shown at left: Optional C5 interior with optional third seat in Real Blue.

Shown below: Optional C7 interior in Saddle Tan Custom Cloth fabric with optional reclining front buckets, standard second and optional third seat.

# ASTRO VAN

## 1987

Efficiency. That's the name of the game in business. Chevy Astro is the name of the cargo van that gets the job done.

**TECHNICAL BASICS.** Astro is a mid-size van, built in the tradition of handworking Chevy trucks.

- Rear drive for substantial load and towing capabilities.
- Standard power train: 2.5

Liter Tech IV engine with EFI linked to a 4-speed manual transmission.

- Optional Vortec 4.3 Liter V6 engine with EFI for impressive power.

- Optional 4-speed automatic overdrive and 5-speed manual overdrive transmissions.

- Independent front coil/semifloating rear leaf spring suspension.

- Front disc/rear drum brakes.
- P195/75R-15 all-season steel-belted radial tires.

- 1,000-lb. payload standard. (Includes passengers and

cargo.) Optional payload ratings of 1,250 and 1,700 lbs.

- Optional 6,000-lb. towing capacity. 2,000-lb. standard. (6,000-lb. capacity necessitates purchase of several required options, including the Vortec V6 engine and automatic transmission.)

### WORKING CREDENTIALS.

Compact dimensions and uncluttered styling give Astro Van a smooth, contemporary looking exterior. Yet when it comes to business, there's plenty of capacity to get the job done.

- 189.9 cu. ft. of cargo space (with only the driver's seat in place).

■

An easy-open side door.

- 

Rear panel doors swing out nearly 180°, allowing long loads on the roof.

- 

A variety of optional window configurations (see p. 22 for details) make Astro Van adaptable for fleet or individual work situations.

- 

Astro. The van that helps you work better—whatever your line of work.

Astro Cargo Van with optional Special Two-Tone in Deep Red/Moonstone and Sterling Silver Metallic.

# ASTRO VAN CAPABILITIES

Astro is one new-size van that hasn't forgotten you buy a cargo van so it can work for and with you.

That's why Astro gives you so many job-oriented features.

## MORE THAN THE COMPETITION

- More cargo room than any other new-size van:<sup>1</sup> 183.9 cu. ft. without the optional front passenger seat.
- Generous cargo length—88.9 inches at the floor. And with the optional passenger seat removed, 116.6 inches to the engine cover.
- More towing capacity.<sup>2</sup> Properly equipped with the optional Heavy-Duty Towing Package and other required options, Astro can tow up to 6,000 lbs., including passengers, cargo and trailer. That's big real-world towing ability, the largest towing capacity offered in any compact van.

## NUMEROUS WORK-ORIENTED FEATURES.

- Swing-out rear doors. These doors open 57.0 inches (that's nearly 5 feet!) to allow easy loading. Just like Chevy full-size vans, these doors swing back almost 180° to allow you to back right up to a delivery door or loading dock, or carry an overhanging ladder on the

roof without interfering with door operation.

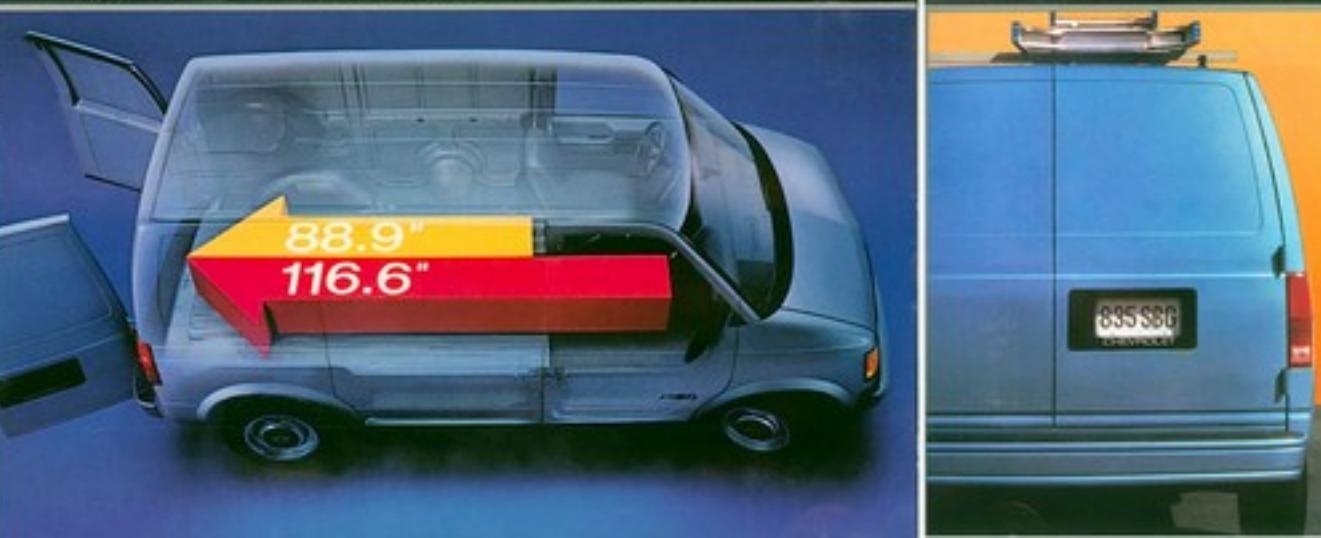

- Sliding side door. This door is on nylon rollers and opens 34.5" wide and 44.5" high.
- A choice of payload capacities: 1,000 lbs. is standard; optional payloads are 1,300 lbs. and 1,700 lbs., including passengers and cargo.

- Smooth operation with the 2.5 Liter Tech IV engine with EFI and 5-speed manual transmission.

- Rear step bumper and flat load roof. These standard features facilitate loading and unloading all kinds of cargo.

- Hideaway spare tire. This optional item places the spare on a crank-down carrier under the vehicle, freeing up maximum space inside.

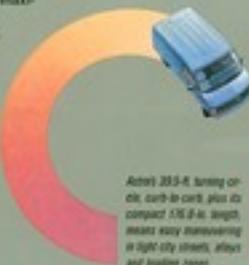

<sup>1</sup>Excludes other GM products.

**Astro Astro!** It spans 183.9 cu. ft. cargo capacity without optional front passenger seat. / Astro Van shown in Ice Blue Metallic.

Generous load length is another Astro feature: 88.9" (9-2/3') from the engine cover to the rear doors; 116.6" (1-1/2') behind the driver's seat.

The rear panel doors accommodate long loads on top of the van.

Astro 283-R turning circle, curb-to-curb, plus its compact 176.6-in. length, means easy maneuvering in tight city streets, alleys and loading zones.

Astro Van interior in Teal Blue. Interior is shown with optional high-back bucket seats.

Keeping drivers fresh and alert during a long day is an important part of a work van's job. And Astro Van delivers comfort just as efficiently as cargo.

#### STANDARD INTERIOR:

- A low-back bucket driver's seat allows maximum room for cargo loading.
- Vinyl seat trim is durable and easy to keep clean.
- Black rubber mats protect the floor of the seating area.
- The instrument panel features high-tech-type instrumentation and easy-to-reach fingertip controls.
- Glimm box and fold-down beverage tray are located in the center console.
- Molded storage pockets are located on both front doors.

- Four interior colors let you choose the one you like best.
- OPTIONAL COMFORTS:

- A low-back passenger seat in vinyl.
- High-back driver and/or passenger seats in vinyl, Custom Vinyl or Custom Cloth.
- Bucket seats at midship increase passenger capacity to four.
- Color-keyed floor mats and headliner look good and

increase sound-deadening properties.

- A full range of choices from AM radio to top-of-the-line stereo with AM/FM, stereo cassette, graphic equalizer and Seek and Scan make the work day go faster.
- Whether you stick to basics or go for the amenities, Astro offers the kind of comfort that helps get the job done.

**ASTRO &  
ASTRO VAN  
ENGINEERING**

Design a van that's powerful but practical, roomy yet compact, sophisticated, contemporary and tough. That was the challenge. (Build in comfort, flexibility, quality, dependability. Make sure the vehicle is easy to maneuver and park. Astro Van in its passenger and cargo configurations is the innovative result.)

**Chevy Astro** is designed with the aid of sophisticated computer imaging. Modern engineering builds in years of reliable service. Advanced production techniques, including extensive use of robotics in assembly and paint application, coupled with thorough employee training programs, help deliver the kind of quality that you can depend on whether you choose Astro in its passenger or cargo van mode.

Study the exploded view presented on these pages. It highlights many of Astro's important technological features and explains why these items are of benefit to you.

The logo consists of the word "VORTEC" in a bold, black, sans-serif font at the top. Below it is a stylized "V-6" where the "V" is slanted to the left and the "6" is slanted to the right, with a red swoosh graphic underneath. At the bottom is the word "POWER" in a bold, black, sans-serif font.

**VORTEC 4.3 LITER V6**

**ENGINE WITH EFI.** Standard on the Passenger Van and optional in the Cargo Van, this is the most powerful engine available in any new-1990 van. 150 SAE net horsepower at 4,000 RPM and 230 lbs.-ft. of torque at 2,400 RPM means more power when you need it to get your job done.

**IS PART OF THE 1987 CHEVROLET NEW-VEHICLE LIMITED WARRANTY.** Your Chevy Astro includes

**Three-year perforation-free corrosion coverage. Exhaust system components not included. See your Chevy dealer for details and other limitations.**

**2.5 LITER TECH IV ENGINE WITH EFI.** Standard on Astro Cargo Van, this electronically fuel-injected powerplant is designed to provide responsive cold starts and smooth warm-ups. Its low mass means less weight in the vehicle, so low friction operation produces less wear and its fast burn combustion delivers performance you'll appreciate whenever you drive.

**CONTEMPORARY ENGINEERING.**  
High-tech construction methods help eliminate parts and reduce corrosion.

**SUSPENSION.** Lightweight variable-rate single-tube rear springs adjust automatically to load.

**CHASSIS DESIGN.** Rear drive. This drive train provides simplicity of design, reduced towing and cargo capacity, easy maintenance and proven heavy-duty truck service.

Fleck-mounted windshield, front air door, spoiler and smooth aerodynamic design contribute to low 0.32 drag coefficient.

Steel arm windshield wipers clean efficiently.

**QUALITY PAINT FINISH.** One-step paint process. Base coat/clear coat paint is applied in one of the world's most modern paint facilities.

Front hood with inside release allows for easy engine serviceability.

**ANTI-CORROSION TREATMENTS.**  
Anti-corrosion measures include galvanizing, Zincroment<sup>®</sup>, hot melt wax.

Lower body anti-chip coating protects the finish from stone and gravel rocks.

Integral body frame design. A front side frame supports the engine; integral engine front-suspension cross member is attached with six body mounts. This design allows easy serviceability as well as ride smoothness and isolation from road noise.

Front bumper of high-strength poly steel.

Electronic Fuel Injection (EFI), which electronically monitors the carburetor, is constantly computer-based to compensate for changes in weather and operating conditions.

Electronic spark control (E.S.C.) with self-adjusting timing to control engine knock under heavy loads.

**ENGINES.** Vortec 4.3 Liter V6 engine with E.F.I.

**TRANSMISSIONS.** The 4-speed overdrive automatic transmission is optional with either 6- or 8-cylinder engines.

Front coil springs are computer selected for ride optimization. The fully independent front suspension features a long and short control arm with spring isolators at the frame.

Rear disc/rear drum brakes are standard. Power brakes are standard on the Passenger Van, optional on the Cargo Van.

15" M-5 Mold and Shape-tuned aluminum alloy wheels (solid black tires are standard).

\*Standard on Passenger Van. Option on Cargo Van.

# ASTRO & ASTRO VAN

## FEATURES AND OPTIONS

Astro provides impressive standard features and optional equipment, as you can see on these pages. Study the list of standards. Then check the photos on these pages (all items pictured are optional) and the available equipment to determine which of these options personalizes Astro to meet your needs.

### STANDARD FEATURES ASTRO/ASTRO VANS

- Astro-Van L/R, All Models, RH, Passenger Model Only
- Astro-Van: On-Engine Cover Console
- Floor Mats
- Floor Covering: Black Rubber Mat
- Headliner: Color-keyed, Driver Area Only
- Heater and Defroster: Outside air (L/R)
- Hood Lock: Inside Release
- Instruments:

Gauge: Speedometer, Odometer and Fuel Switches, Meter, for Interior, Exterior and Instrument Panel. On Steering Column for Direction Signals, Headlight, High and Low Beam, and Instrument Cluster: Altimeters, Tachometer, Heater Fan and Ignition with Key or Warning Bezel, Door-operated Dome Lamp.

Warning Light: Generator, Oil Pressure,

Engine Temperature, Service-parking Brake, Direction, Hazard Signal and High Beam.

■ Insulation and Sound Deadening

Material: On Firewall, Under Floor Mat, Inside Engine Cover

■ Light: Instrument Cluster and Front and Rear Dome

■ Safety Belts: All Seating Positions

■ Seats: Cargo Van—Low back Bucket

Driver only, Passenger Van—High-back Front Bucket for Driver and Passenger Plus Center 3-passenger Bench, All with Vinyl Trim.

■ Spare Tire Carrier, LH Side in Rear

■ Steering Column and Wheel, 15-1/4" Black Vinyl Wheel, Black Energy-absorbing Steering Column

■ Storage Box: In Engine Cover Extension, with Beverage Holder Provision

■ Sunvisor: L/R, All Models, RH, Passenger Model Only

■ Trim Panels: Molded Plastic on Front and Sliding Side Doors.

#### EXTERIOR

■ Bumpers: Front and Rear, Paint Lower Body Color

■ Doors: Driver and Passenger Front Side Doors, Sliding RH Side Cargo Door, and RH and LH Rear Load Doors

■ Grille: Molded Plastic, Painted Black

■ Head: Single, Electric, Low-note

■ Headlight: Bright Metal with Black Trim

■ Light: Backup Lamp, Integral with Tail Lamp, Parking Lamp, Rectangular Headlamps, and Side Marker Lamps

■ Mirrors: RH and LH Painted Black, Adjustable

■ Taill: Security-type Jack, Wheel

Wrecker and Two-wheel Blocks

■ Windshield Wipers: Wipers, Electric, Two-speed

Black roof-mounted luggage rack—new in January 1982.

Overhead console with sliding door compartments and individual reading lamps

Qualified veterans may receive a one-time allowance toward the purchase of vans for the handicapped through their nearby VA Regional office. Information regarding replacement or add-on kits is available through VA Medical Centers.

\*Available C-Gauge: All three instruments. C-Gauge is a registered trademark of Whiteman Inc.

IMPORTANT: A WORD ABOUT THIS CATALOG. We have tried to make this catalog as comprehensive and factual as possible and we hope you find it helpful. However, since the time of printing, some of the information you will find here may have been updated. Also, some of the equipment shown or described throughout this catalog is available as factory-installed options, dealer accessories and specialized equipment from various independent suppliers at extra cost. Your dealer has details and, before ordering, you should ask him to bring you up to date.

The right is reserved to make changes at any time, without notice, in prices, colors, materials, equipment, specifications and models. Check with your Chevrolet dealer for complete information.

A WORD ABOUT ASSEMBLY, COMPONENTS AND OPTIONAL EQUIPMENT IN THESE CHEVROLET PRODUCTS. The Chevrolet Astro Passenger and Cargo Vans described in this catalog (Astro/Van) are assembled at facilities operated by General Motors or GM of Canada. These vehicles incorporate thousands of different components produced by car and truck groups and various component divisions of GM and by various suppliers worldwide to General Motors. From time to time during the manufacturing process, it may be necessary, in order to meet local demand for particular vehicles or equipment, or to meet federally mandated emissions, safety and fuel economy requirements, or for other reasons, to produce Chevrolet products with different components or differently sourced components than initially scheduled. All such components have been approved for use in Chevrolet products and will provide the quality performance associated with the Chevrolet name.

With respect to factory-installed extra-cost optional equipment, make certain you specify the type of equipment you desire on your vehicle when ordering it from your dealer. Some options may be unavailable when your vehicle is built. Your dealer receives advance, regarding current availability.

of options... You may ask your dealer for the information. GM also requests the dealer to advise you if an option you ordered is unavailable. We suggest that you verify that your vehicle includes the optional equipment you ordered, if there are any charges. Then, they are acceptable to you.

These vehicles are also available under the GM nameplate: Safari SL, Passenger Van and Safari Cargo Van.

FOR INFORMATION ON ANY NEW CHEVROLET TRUCK, See your Chevy dealer for a complete selection of 1987 truck catalogs. They cover ■ Chevy S-10 Blazer ■ full-size 4WD Blazer ■ Chevy S-10 Pickup ■ full-size Chevy Pickup ■ Suburban ■ D1 Camper ■ Chevy Van/Sportvan ■ Step-Van ■ Astro/Rainbow Van ■ all Medium-Duty Chevys and the Chevy Recreation and Trailering Guide.

LET'S GET IT TOGETHER... BUCKLE UP.

A WORD ABOUT ENGINES. Chevrolet trucks are equipped with engines produced at facilities operated by GM car and truck groups, subsidiaries or affiliated companies worldwide.

A WORD ABOUT UPDATED SERVICE INFORMATION. Chevrolet regularly sends its dealers useful service bulletins about Chevrolet products. Chevrolet monitors product performance in the field. We then prepare bulletins for servicing our products better. Now you can get these bulletins, too. Ask your dealer. To get ordering information, call toll-free 1-800-551-4129.

Shown on back cover:  
Astro cargo Van in Deep Red Metallic.

NOTHING WORKS LIKE A CHEVY ASTRO
