

1990 Chevrolet®

# Lumina<sup>®</sup>

Chevrolet's front-wheel-drive Family Lumina has three members: Lumina Sedan, Lumina Coupe and Lumina APV.

The six-passenger Lumina Sedan, first of a new generation of GM sedans, is designed to be all the Chevrolet most families will ever need.

The new Lumina Coupe is certain to become one of the most admired shapes on the American road. It too, seats six in a beautifully appointed, spacious interior.

Attributes of both Lumina Sedan and

Lumina Coupe models include power four-wheel disc brakes and a four-wheel independent suspension tuned for exceptional riding comfort. The use of two-side galvanized steel for most exterior surfaces helps provide excellent corrosion protection.

Specifying the Euro version of Lumina adds sporty exterior styling highlights, a Special Sport Suspension, standard 3.1 Liter V6 with Multi-Port Fuel Injection and the option of Custom Cloth front bucket seats.

# Lumina<sup>®</sup>APV

Lumina APV CL

The third member of Family Lumina is an all-new front-wheel-drive Chevrolet that is pointing family transportation toward the 21st Century. Lumina APV combines dramatic style with amazing cargo-carrying capabilities.

Lumina APV sets itself apart from the ordinary with resilient, rustproof composite body panels wrapped around a high-strength steel space frame and a 3.1 Liter V6 with Electronic Fuel Injection.

Choose from standard or up-level CL models and any one of five seating plans including available modular seats that can be individually removed.

Lumina APV is here—and family transportation will never be the same.

Optional CL interior features modular seating with room for up to seven passengers.

Lumina APV

# Cavalier

Beneath Cavalier's sporty style is a real feeling of substance, of quality.

Yet Cavalier prices start below many "stripped" imports that don't offer a powerful 2.2 Liter standard engine, a 3-year/50,000-mile Bumper to Bumper Plus warranty or such a contemporary, high-style appearance.

No wonder so many Americans look to Cavalier when they're looking for real value in

a sporty coupe, practical sedan or spacious wagon.

Then there's Z24.

Cavalier Z24 is one of America's most popular sport coupes because, in the best Chevy tradition, Z24 delivers *affordable* performance.

The 1990 Z24 features a new 3.1 Liter V6 with Multi-Port Fuel Injection, Special Sport Suspension and a quick-shifting Getrag-licensed 5-speed.

The heat is definitely on—at your Chevy dealer.

Cavalier Z24 Coupe.

# Corsica®

Corsica is the fun-to-drive sport sedan you can buy for more serious reasons.

This accommodating automobile has world-class aerodynamics, wrapped around five-passenger, family-class roominess.

The fun side of Corsica

is enhanced by two new engines: a standard 2.2 Liter L-4 with EFI and an optional 3.1 Liter V6 with Multi-Port Fuel Injection.

Available models: the sporty Corsica LT Sedan, the sporty and versatile LT Hatchback and the sportiest-of-all Corsica LTZ Sedan.

Corsica LT Hatchback Sedan.

# Beretta

Beretta Convertible (not available at start of production).

Beretta Coupe.

Chevy Beretta is the award-winning American coupe with performance in the grand touring tradition.

So dramatic in style that Beretta has won top honors from the Industrial Designers Society of America.

So aerodynamically smooth, that Beretta Sport Coupe has a lower coefficient of drag than a Porsche 944.

For 1990, Beretta is set to wow the coupe market with a new GTZ with a high-output Quad Four engine, an exotic targa-roofed convertible and more horsepower for Beretta Coupe and Beretta GT Coupe.

"Beretta" is used with permission of the Beretta Corporation — FABRICA d'Armip. Beretta S.p.A.

## Camaro®

Camaro RS Coupe.

There's always been something special about the Chevy Camaro. And for 1990, the beat goes on.

The '90 Camaro RS has the style and performance to make your heart race, at a most affordable price.

Standard RS features include a larger 3.1 Liter V6 with Multi-Port Fuel Injection (an even larger

5.0 Liter V8 with EFI is optional), PASS-Key® anti-theft system, and new driver's side Supplemental Inflatable Restraint System (air bag).

See your Chevrolet dealer for more information on all Camaro models, features and options.

## Corvette®

Corvette instrument panel, new for 1990.

Corvette for 1990 is the exotic American with world-class technology, incomparable style and V8 performance that has humbled some of Europe's finest.

The 1990 Corvette is available as a coupe, a convertible or the ultimate

—the limited production ZR-1 which features an ultra-high-performance 32-valve quad-cam V8.

Whichever configuration you choose, however equipped, you will enjoy a world-class performance car with a uniquely American personality.

Corvette Coupe.

# Celebrity

Celebrity Eurosport Wagon.

Celebrity Wagon is well-known for its spacious accommodations, contemporary front-drive technology, generous complement of standard features and eminently affordable base price.

This popular mid-size wagon offers standard seating for six or seating for eight with an optional rear-facing third seat.

Caprice Classic Brougham LS Sedan.

# Caprice®

Caprice Classic is an American original, uncompromised in every way.

This traditional favorite features standard V8 power, full-frame construction and a proven rear-drive design.

Choose from the popu-

lar Caprice Classic Sedan or the very luxurious Caprice Classic Brougham. For those who need even more Caprice, the Classic Wagon offers standard seating for up to eight and more than 87 cu. ft. of available cargo capacity.

Chevrolet's best warranty ever.  
See your Chevrolet dealer for terms of this limited warranty.
